PETITION

Plaintiffs Ruby Freeman and Wandrea Moss, through their attorneys, bring this Petition against Defendants James Hoft, Joseph Hoft, and TGP Communications LLC d/b/a *The Gateway Pundit* (collectively, "Defendants").

INTRODUCTION

1. The intentional dissemination of known falsehoods aimed at sowing doubt about the integrity of our elections threatens our very ability to function as a democracy. These

falsehoods also destroy the lives of America's election workers, whose service to our system of government places them in the crosshairs of those who seek to undermine it with their disinformation. Plaintiffs Ruby Freeman and Wandrea "Shaye" Moss have been the targets of such a campaign of lies, accused by Defendants James Hoft, Joseph Hoft, and *The Gateway Pundit* of committing ballot fraud to alter the outcome of the 2020 presidential election in Georgia. The lies about Ms. Freeman and Ms. Moss have not only devastated their personal and professional reputations but instigated a deluge of intimidation, harassment, and threats that has forced them to change their phone numbers, delete their online accounts, and fear for their physical safety.

- 2. The Gateway Pundit presents itself as an online news source committed to responsible journalism: "All our content should be true. No value is more important than this." But The Gateway Pundit's stock in trade is spreading disinformation, including lies about the integrity of the 2020 election. According to NewsGuard, a company that rates journalistic credibility, during the 2020 presidential election The Gateway Pundit regularly featured "false reports, conspiracy theories, and unfounded allegations, with no distinction made between opinions and actual news reports." 2
- 3. In fact, Defendants are among the leading purveyors of false information in the United States, spreading baseless conspiracy theories and disinformation for fame and fortune. *The Gateway Pundit* has been identified as *the* top producer of false content during and after the 2020 presidential election. In the fourth quarter of 2020, *The Gateway Pundit* raked in ad revenue by achieving 7.2 million shares on social media of its bogus election fraud stories—far

more than the social media shares for such national news sites such as *The Washington Post*, NBC News and NPR.³

- 4. This action seeks to hold Defendants accountable for just some of their knowing lies—their false and endlessly repeated accusations that Ms. Freeman and Ms. Moss committed election fraud by, among other things, conspiring to empty the room where they were counting ballots of poll watchers, producing secret "suitcases" full of illegal ballots, and running those ballots through vote counting machines multiple times. In making these false accusations, Defendants apparently drew their inspiration from lawyers for the Trump campaign, who contended on December 3, 2021, that video from a grainy security camera showed unidentified persons counting illegal ballots. Defendants took these unsupported factual assertions and almost immediately published them to millions of readers, subsequently attributing names and additional accusations of criminal fraud against Ms. Freeman and Ms. Moss.
- 5. Within 24 hours, the claims had been publicly and definitively refuted by Georgia elections officials through a detailed explanation of what the misinterpreted video actually showed: no suitcases; no illegal ballots; no voter fraud. Defendants nonetheless repeated and republished the completely fictitious account, month after month, long after it was conclusively shown to be untrue. With no concern for the truth or the consequences of their willful conduct, Defendants baselessly portrayed Plaintiffs as traitors who participated in a carefully planned conspiracy to steal the presidential election in Georgia.
- 6. Defendants' reports were both false and consequential. They caused Ms. Freeman and Ms. Moss to be vilified on social media and subjected to an onslaught of violent, racist

threats and harassment of all kinds. At the height of Defendants' campaign of disinformation, Ms. Freeman, at the recommendation of the FBI, fled her home and did not return for two months. On January 6, 2021, a crowd on foot and in vehicles surrounded Ms. Freeman's house. Ms. Freeman was forced to shutter her online business when social media became impossible to navigate. Ms. Moss has suffered personal and professional consequences in her ongoing work on Fulton County elections. On at least two occasions, strangers showed up at her grandmother's home and attempted to push into the house in order to make a "citizens' arrest." Fulton County elections' general email address would forward incoming emails to Ms. Moss and many of her colleagues, filling her workplace with harassing messages.

- 7. As a result of Defendants' ongoing campaign, both women are afraid to live normal lives. Ms. Freeman is fearful when she hears her name called in public; Ms. Moss now fears risking even a visit to the grocery store and must get her groceries delivered instead.

 Defendants have inflicted and continue to inflict severe and ongoing emotional, and economic damage on both plaintiffs.
- 8. Plaintiffs file this lawsuit to vindicate their reputations and to ensure that other patriotic Americans who step forward to help make our election system function do not likewise become victims of abuse.

PARTIES

9. Plaintiff Ruby Freeman is a natural person and citizen of Georgia. Ms. Freeman worked as a temporary election worker with the Fulton County Registration and Elections

Department during the 2020 general election. Her responsibilities as a temporary election worker included verifying signatures as absentee ballots came in, and then preparing absentee ballots for counting and processing.

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 6 of 320 PageID #: 13

- 10. Plaintiff Wandrea "Shaye" Moss is a natural person and citizen of Georgia.

 Ms. Moss has worked for the Fulton County Registration and Elections Department since 2012.

 Ms. Moss's current position with the County is a Registration Officer, and her responsibilities include processing voter applications and assisting voters in person and over the phone. During the 2020 general election, she supervised Fulton County's absentee ballot operation.
- 11. Defendant James "Jim" Hoft is a natural person and citizen of Missouri whose principal place of residence is in St. Louis City, Missouri. Jim Hoft is the owner and the sole organizer of TGP Communications LLC. He is the editor of and frequent contributor to a political website and blog called *The Gateway Pundit* that he created in 2004.
- 12. Defendant Joseph "Joe" Hoft is a natural person and citizen of Missouri, where he hosts a daily radio show from a studio in Chesterfield, Missouri. He also maintains a residence in Jensen Beach, Florida. He is Jim Hoft's twin brother. Joe Hoft writes regularly for *The Gateway Pundit*.
- 13. Defendant TGP Communications LLC d/b/a The Gateway Pundit ("The Gateway Pundit") is a limited liability company organized and existing under the laws of Missouri. At all times, The Gateway Pundit was acting by or through its authorized agent(s), employee(s), representative(s) or owner(s). Upon information and belief, The Gateway Pundit publishes its articles and related social media posts from James Hoft's principal place of residence in St. Louis City, Missouri.
- 14. The Gateway Pundit has no registered agent. Gregory J. Hickel, the only agent the Gateway Pundit had registered with the Missouri Secretary of State, passed away in 2016, and The Gateway Pundit has not registered another agent.

JURISDICTION AND VENUE

- 15. The Courts of the State of Missouri have personal jurisdiction over all Defendants because all Defendants have published defamatory statements in Missouri, and taken other actions in Missouri, such statements and actions being the subject of this Petition, and accordingly this suit arises out of and relates to Defendants' contacts with Missouri.
- 16. This Court may exercise personal jurisdiction over Jim Hoft as he is a resident and domiciliary of Missouri and he committed tortious actions giving rise to this cause of action within Missouri.
- 17. This Court may exercise personal jurisdiction over Joe Hoft as he is a resident and domiciliary of Missouri, writes for and maintains business contacts with *The Gateway Pundit*, and, on information and belief, visited Missouri and/or had contacts with this State in connection with the conduct giving rise to this action.
- 18. This Court may exercise personal jurisdiction over *The Gateway Pundit* as it is formed within and exists under the laws of Missouri, and it committed tortious actions giving rise to this cause of action within Missouri.
- 19. Venue is proper in St. Louis City, Missouri, because, pursuant to §508.010 R.S. Mo., in this action for defamation, the plaintiffs were first injured in St. Louis City, the jurisdiction in which the defamation was first published. Additionally, individual defendant Jim Hoft's principal place of residence is St. Louis City, Missouri.

FACTS

A. The Role, Reach and Reputation of *The Gateway Pundit*

20. *The Gateway Pundit* reaches a large audience. A study by the Berkman Klein Center for Internet & Society at Harvard University of mainstream and social media coverage

during the 2016 presidential race showed that the website was one of the most popular media sources on the right. Between May 1, 2015, and November 7, 2016, the website was the fifthmost popular source on Twitter and the third-most popular source on Facebook (notably, Fox News was the fourth most popular source on Facebook for the same period).⁴

- 21. The reach of *The Gateway Pundit* grew further in the 2020 election cycle. Research by the German Marshall Fund, a non-partisan policy organization, found the site to have been "particularly dominant" during the election, with a ninefold increase in the sharing of its content on Twitter between the fourth quarter of 2018 and the fourth quarter of 2020. The report also noted that nine of the website's ten most popular articles in the fourth quarter of 2020 presented disinformation about voter fraud.
- 22. In September 2021, *The Gateway Pundit* had more than 2.8 million unique visitors, making it the eleventh-most-visited U.S. conservative site, according to one assessment.⁶ More than 650,000 users "like" its Facebook page, while 630,000 users "follow" the page.⁷ Roughly 98,000 people subscribe to its YouTube channel, and its videos regularly garner thousands of views.⁸

- 23. According to published reports, *The Gateway Pundit* earned as much as
 \$1.1 million in Google Ad revenue between November 2020 and June 2021. In February 2021,
 The Gateway Pundit began offering a subscription service. In February 2021,
- 24. Despite its professed allegiance to the truth, *The Gateway Pundit* regularly publishes false claims. The Berkman Klein Center study identified seven online sources—both left- and right-leaning—that were highly influential on social media, highly partisan, and sometimes explicitly deceptive. Among these, the study stated, "Gateway Pundit is in a class of its own, known for 'publishing falsehoods and spreading hoaxes.'"¹¹
- 25. Defendant Jim Hoft has responded derisively to the notion that *The Gateway Pundit* should verify information before publishing it. After a *New Yorker* reporter interviewing him in 2017 told Hoft to expect a call from the magazine's fact-checkers, he responded: "Oh yeah, just like at the Gateway Pundit. We've got a huge department of full-time fact-checkers." He then "laughed so hard that he nearly spilled his lemonade." ¹²

B. The 2020 Election in Fulton County, Georgia

26. In the fall of 2020, Americans cast ballots in the nation's 59th presidential election, which pitted the incumbent, Republican Donald J. Trump, against the former Vice President, Democrat Joseph R. Biden. News coverage in the lead-up to Election Day noted that

Georgia had "emerged as one of the nation's biggest electoral battlegrounds in the race for the White House." ¹³

- 27. The voting process in Georgia began on September 15, 2020, when local officials began mailing out absentee ballots. Voters could cast early voting ballots in-person from October 12, 2020 until October 30, 2020, and they could vote by mail until Election Day, on November 3, 2020. All told, more than 4 million Georgians cast ballots during early voting or via absentee ballot in the 2020 election. All On Election Day, when another 975,540 people cast votes, Georgia Secretary of State Brad Raffensperger observed, We are having a successful election in Georgia today.
- 28. In Fulton County, absentee ballots were counted in State Farm Arena. Plaintiffs were employed to assist in the vote tabulation process at the arena.
- 29. On November 3, 2020, an overflowing urinal at State Farm Arena led to a brief voluntary evacuation of the affected area.¹⁷ According to a press release at the time:

At approximately 6:07 a.m., the staff at State Farm Arena notified Fulton County Registration & Elections of a water leak affecting the room where absentee ballots were being tabulated. The State Farm Arena team acted swiftly to remediate the issue. Within 2 hours, repairs were complete. No ballots were damaged, nor was

video of the vote counting on November 3 is 14 hours long, Ms. Pick played only a few brief excerpts during her 17-minute testimony.

- 36. While playing the video excerpts for the State Senate, Ms. Pick provided her own interpretation of what was being shown. She claimed that Republican observers had been asked to leave the arena in contravention of Georgia law and that, once they were gone, the election workers produced and counted 18,000 hidden, fraudulent ballots—more than the margin of victory in the presidential race.³⁰
- 37. Ms. Pick described the surveillance videotape as showing Republican observers and the press leaving the room shortly before 11 p.m. after a "lady who has blonde braids" asked them to leave and told them that election workers were going to stop counting ballots for the day. The surveillance video had no sound to corroborate this claim, but Ms. Pick said she had been provided this information by the observers and noted that the video showed four election workers staying while observers and press departed. She identified the election workers in the room as "the lady in purple," "two women in yellow," and "the lady with the blonde braids also, who told everyone to leave."
- 38. Ms. Pick's commentary continued as she played her video excerpt: "Once everyone is gone, coast is clear, they are going to pull ballots out from underneath a table."

 Ms. Pick said it was not typical to store "suitcases" full of ballots under a table and pointed out a table which she claimed had been placed there earlier in the day by "the lady with the blonde

braids." Ms. Pick did not identify the four election workers by name but said "one of them had the name Ruby across her shirt somewhere."³²

- 39. Ms. Pick acknowledged that the Trump legal team had taken only a couple of hours to review the 14 hours of surveillance footage, and no one working for the campaign had watched the entire video, even once.³³
- 40. Both the Georgia Secretary of State and the Georgia Bureau of Investigation immediately investigated Ms. Pick's claims. The Secretary of State is a Republican who had been endorsed during his campaign by Donald Trump. They reviewed the security videotape, interviewed all witnesses who were present at the time of the alleged misconduct, and found no evidence whatsoever to substantiate any of Ms. Pick's claims.³⁴
- 41. Secure the Vote, a website maintained by the office of the Secretary of State, provides a detailed fact check of Ms. Pick's claims about what is depicted in the video.³⁵ Secure the Vote's timeline documents the events from November 3, 2020, actually shown on the video, including:

D. Defendants Publish and Republish the Lie

- 42. Immediately after Ms. Pick spoke in the Georgia Senate on December 3, 2020, the false accusation of wrongdoing and misleading excerpts from the surveillance video were circulated widely by the Trump campaign and various media outlets. For example, One America News Network rebroadcast the surveillance video shown earlier that day by the Trump lawyers with Ms. Pick's commentary.³⁷
- 43. The Trump campaign promptly amplified and republished a brief excerpt from the One America News Network's coverage³⁸ and distributed it repeatedly on Twitter that same day.³⁹ The excerpt depicted four individuals walking between desks while one individual

Written by Cristina Laila, the article republished two Team Trump tweets about the video and added the following claims:

Poll watchers were kicked out of the State Farm Arena tabulation center on election night after a burst pipe caused flooding.

. . .

We now know that a pipe never burst. It was all a lie in order to kick out poll watchers while a few crooks stayed behind to count illegal ballots for Joe Biden.

Trump's legal team showed a video from the State Farm Arena tabulation center when poll workers were told to leave at 10:25 PM.

A few "workers" stayed behind and were seen pulling suitcases full of ballots out from under tables to be tabulated!⁴¹

At 6:41 a.m. on December 4, 2020, the Voting Implementation Manager for the State of Georgia, Gabriel Sterling, shot down the fanciful claim on Twitter: "The 90 second video of election workers at State Farm arena, purporting to show fraud was watched in its entirety (hours) by @GaSecofState investigators. The fact check quotes Georgia election officials explaining that the containers in the video contained ballots that were processed for counting earlier in the night, that the vote count data and voter verifications negated the claim that thousands of fraudulent ballots had been introduced into the count, and that it was not illegal for election workers to count ballots in the observers' absence. (Video)." The article repeated the now-debunked allegations from the night before and introduced new false claims:

Earlier on Thursday Cristina Laila reported on the explosive video that was revealed during the Georgia ballot counting at the State Farm Arena where crooked Democrats pulled out suitcases full of ballots and began counting those ballots without election monitors in the room.

Trump's legal team showed a video from the State Farm Arena tabulation center when poll workers were told to leave at 10:25 PM.

A few "workers" stayed behind and were seen pulling suitcases full of ballots out from under tables to be tabulated!

. . .

We identified one of the operatives last night who was caught on video counting illegal ballots from a suitcase stashed under a table!

As you can see from the video one woman in a purple top was filmed helping pull out the ballots and then sitting down to count the ballots.

That woman has now been identified.

Local 11 News covered the story from the State Farm Arena that a pipe had burst.

(This later was proven to be complete fraud and an excuse to kick out the GOP election observers!)

- 57. The same morning, Georgia Public Broadcasting published its own article fact-checking the election fraud claims made during the George State Senate hearing on the previous day. The article directly refuted the Trump legal team's claims concerning the contents of the Trump Edited Video. It reported that the video showed a normal tabulation process, which both state and county officials had verified. It also reported that no observers had been asked to leave, but Republican monitors and the press did leave when some election employees stopped their work for the night. And it clarified that Georgia law does not require poll monitors to be present for the ballot counting process.⁵⁴
- 58. Defendants learned of the ongoing fact checks almost immediately after they were published.
- 59. Less than two hours after Voting Implementation Manager Sterling tweeted that what the video of Ms. Freeman and Ms. Moss showed was "normal ballot processing," Defendant Joe Hoft published an article titled, "CLOWN SHOW: Georgia Election Insider Gabriel Sterling Freaks Out and Labels Election Fraud Caught on Camera 'Normal Ballot Processing.'" Rather than acknowledge the falsity of *The Gateway Pundit*'s earlier stories—or even neutrally reporting on the fact checks, that article lobbed a series of ad hominem attacks against Mr. Sterling and doubled down on Defendants' false claims, including the statement:

Unfortunately for Sterling, we can't even keep up with the amount of corruption in Georgia related to this year's election. Yesterday for example, a video was unearthed by the Trump team showing Democrat counters in Atlanta pulling out suitcases full of ballots and counting them after sending Republicans home due to a falsely reported water main break (um, this is against the law Mr. Sterling).

But Sterling still wants to call it all a lie. He claims there was no corruption in this year's election and he shares another totally bogus 'fact check' from Lead Stories as in his Facebook page as support that this is all normal.⁵⁵

60. Even after acknowledging the first fact check, and after the second fact check was published and available online, Jim Hoft published another article on *The Gateway Pundit* on December 4, 2020, repeating and realleging the false claims that Ms. Freeman and Ms. Moss secretly brought illicit ballots into the arena to be counted and had committed massive voter fraud. This article was titled "NEW VIDEO Shows Anti-Trump Georgia Ballot Counter Ruby Freeman with Piles of Ballots, Walking Past Boxes of Ballots, Working Alone in Cubes WITH NO GOP OBSERVERS IN SIGHT!" and made new false and defamatory claims about Ms. Freeman:

Now there is video of Ruby Freeman filming herself entering the building to count Georgia ballots.

Ruby walks by several boxes of ballots just sitting around in the room.

The elections workers were each given their own secret cube.

Then Ruby goes to her desk and pulls out a tray of ballots on her desk.

There is NO supervisor or GOP observer anywhere in sight.

And then Ruby leaves the ballots on her desk as she goes to take a break.

- 62. Seeking to magnify the false claims and gain still more shares on social media,

 Jim Hoft published a third article on *The Gateway Pundit* on December 4, repeating the false and disproven claims from his earlier articles. This article was titled, "UPDATE: More on the Suitcase Vote Scam, the Elections Supervisor and that Strange 'Pass' Between Mother and Daughter That Was Also Caught on Video." It discussed the relationship between Ms. Freeman and Ms. Moss and introduced a new baseless allegation of still more illicit activity supposedly shown on the Trump Edited Video:

On her [Facebook] page Ruby Freeman brags about her "Shaye" being her supervisor.

. . .

And now there is video of Ruby secretly passing something to her daughter during the ballot counting.

It is not clear what was passed. Some readers say it was a USB stick but it is not clear what they passed to each other.

It sure looks like they were trying to hide this transaction.⁵⁸

63. This article made clear Defendants' ill-will toward Ms. Freeman in repeating the false claims against her over and over again. In it, Jim Hoft noted the consequences of *The Gateway Pundit*'s publicity on Ms. Freeman and implicitly urged readers to harass her:

Ruby's purse was a hit and several fans wrote her on her LinkedIn page after they saw her and her purse on TV.

They then commented on her LinkedIn page.

- 65. At approximately 10:08 a.m. ET, Voting Implementation Manager Gabe Sterling joined Newsmax for a roughly 17-minute segment. After playing a clip of the Trump Campaign's footage and soliciting comments from another guest, the host asked Sterling to weigh in on the video. Sterling straightforwardly debunked any claim that the video showed anything nefarious:

Unlike watching 90 seconds of it like we saw in the Senate hearing yesterday, we've had our investigators watch all many several hours of it yesterday. And what essentially happened is—and we knew about this, part of this, on election night itself—around 10:15/10:20, there's two groups of people in this room that are working. There are cutters—the people who are opening the envelopes—and then there's the people who are scanning, which is the ones we see on the video.

⁵⁹ *Id*.

⁶⁰ Jim Hoft (@gatewaypundit), Twitter (Dec. 4, 2020), *available at* https://web.archive.org/web/20201207070649/https://twitter.com/gatewaypundit (last visited Nov. 30, 2021).

⁶¹ Monkey Savant, *Gabriel Sterling and Chad Robichaux On Newsmax Discuss The GA Ballot Fraud Situation* 12/04/20, YouTube (Dec. 4, 2020), https://www.youtube.com/watch?v=o6k2zRRPx4I.

And let's keep a few things in mind. I've been in this room. It's really obvious there's video cameras everywhere, so they know they're being watched on that front.

So what happened was, when the cutters were—they were, once they were done, they were, they was like, "Okay, we're done, time to go home," and the media started packing up. And then the monitors kept packing up.

Now the one thing we have is that he said she said, where the officials there said, "we didn't tell anybody that they had to leave." The people who left—the Republican monitor said, "we were told we had to leave." And we have no audio from those videotapes to ascertain the absolute truth. That's what is he said she said on that front.

But when you watch the video, the process—those aren't suitcases. Those are regular absentee carriers used in dozens of counties across the state. That's how they bring those in. Nothing was brought in without the monitors there, so everything was there. There was nothing new brought in. We didn't see somebody wheeling stuff into the room; we saw stuff that was already in the room that the monitors already saw brought in.

And then you saw the processes they're doing. Essentially what happened, the elections director called the absentee coordinator that's saying we're not shutting down. Tell them they gotta go get back to work because the counting people thought they were also getting to go home. So they were kind of disappointed. So you see him on his phone. He walks over to them, they kind of shrug their shoulders like, "crap, we got to go back to work again." So, so they started doing that, and then we found out that the monitors weren't there anymore. So, we called their elections directors, and we called our state elections board monitor, who we have placed in Fulton County under a consent decree that we had ordered because of their screw-ups in the June election, and yes, there was 82 minutes where there wasn't a person there. But we have all the videotape that we are literally looking at right now.

We have to ask ourselves in that period of time, I think it was about three to five thousand votes that were scanned, and did this elections crew of, you know, medium-paid, tired elections workers suddenly become the Ocean's Eleven crew as part of a theft of an election? Or is it more likely they were tired and irritated?

You see when the SEB monitor gets there, and when the investigator gets there, the armed investigator, they keep doing the exact same

thing they were doing. They don't even pay any mind because it's just—they're doing their regular processes.

And the problem we have is people don't understand this, and when people whip people's emotions up, it goes back to the issue I was talking about before of threats being against these thousands of workers across the country.

66. On information and belief, Jim Hoft watched this segment, as he immediately criticized Newsmax for airing the segment and reiterated his false claims:⁶²

67. Not satisfied with the harm done, Defendants published another article about Ms. Freeman on *The Gateway Pundit* later on December 4. Written by Joe Hoft, this article summarized the false and already debunked claims in the three previous articles by Jim Hoft, and it advanced the new false and defamatory smear that Ms. Freeman supposedly counted the same votes for Biden three times. Titled "UNBELIEVABLE: Anti-Trump Democrat In Georgia 'Suitcase Scandal' Caught Running Same Batch of Ballots Through Tabulator THREE TIMES! (VIDEO)," the article stated:

The mother – daughter team of ballot counters in Atlanta really overdid their fraud. We saw last night how they stuck around and counted ballots after kicking Republicans out of the State Farm Center on a fake water main break hoax.

⁶² Jim Hoft (@gatewaypundit), Twitter (Dec. 4, 2020), *available at* https://web.archive.org/web/20201207070649/https://twitter.com/gatewaypundit/status/1334881814670938113 (last visited Nov. 30, 2021). Plaintiffs believe the timestamp available through web.archive.org is in Pacific Time.

We also saw the mother and daughter pass an object the size of a thumb drive between each other in a suspicious manner[.]

Now we have evidence mother Ruby sent the same stack of votes through a tabulator in the State Farm Center three times. This is illegal.

The corrupt Republican politicians in Georgia are giving the election to Joe Biden. Besides them, nobody did more to steal the election for Joe Biden than this mother – daughter combo. The good people in Georgia need to stand up. ⁶³

- 68. Defendants later boasted that they originated the false and defamatory claim that Ms. Freeman tabulated the same votes three times.⁶⁴
- 69. On December 4, PolitiFact—a non-profit website that checks the accuracy of claims made by elected officials and others—published another fact check of the claim repeatedly made by *The Gateway Pundit* that video footage from Georgia showed suitcases filled with ballots being illegally counted after election monitors were told to leave. The PolitiFact article confirmed the conclusions of Lead Stories and Georgia Public Broadcasting that the claim was plainly false. It featured a statement from Richard Barron, the elections director in Fulton County, who confirmed that no announcement was made telling people to leave. Rather, certain staff members left as their work was finished. Mr. Barron himself told the workers scanning the

The articles purported to disclose "exclusive" new information about the "man in red" shown in the security video, and each repeated the false claims that Ms. Freeman and Ms. Moss were involved in "voter corruption":

- 76. In a second article on December 7, 2020, Jim Hoft blasted out the "HUGE" news that the third "suspect" in the "suitcase scandal" was the same man who told reporters there had been a "water main break." The article depicted the claim of a water problem as clever ruse to facilitate election fraud by plaintiffs:

We know this was a lie because there was NEVER a work order filed and the water department never received a call. It never happened!

But it gave Ralph and Ruby and Shaye cover to complete their scam on Georgia and America!⁷²

- 78. In a news conference on December 7, Gabriel Sterling, Georgia's Voting Implementation Manager, once more refuted the lies about the Trump Edited Video that *The Gateway Pundit* was continuing to spread. He yet again confirmed that the surveillance video showed that the containers taken from under a table held valid, uncounted ballots that had been stored by workers who thought they were leaving for the night. After realizing that they were

staying, the workers unpacked the ballots from the containers and resumed scanning them. Mr. Sterling specifically refuted the claim that election workers had scanned the same ballots multiple times, explaining that any such action would have been revealed by the hand count undertaken by Georgia election officials and machine-based recount requested by the Trump campaign. Neither recount showed a meaningful change in results originally reported.⁷⁴

79. In the evening on December 7, Jim Hoft further evidenced Defendants' awareness of the fact checks, sharing a link to an article in *The Federalist* discussing the various fact-checks:⁷⁵

80. Nonetheless, with full awareness that his statements about Ms. Freeman and Ms. Moss had been flatly and fully refuted by multiple officials and multiple fact-checking organizations, Jim Hoft continued to publish false statements on *The Gateway Pundit*.

81. On December 8, 2020, Jim Hoft published three new articles repeating and doubling down on the false and defamatory claims. The first article was titled "CONFIRMED: Supervisor Shaye Moss - Who "Yelled Out" for Georgia GOP Observers to GO Home - Is Same Woman Who Pulled the Suitcase Ballots Out from Underneath the Table When they Left." In addition to repeating previously made false claims about Ms. Freeman and Ms. Moss, it stated:

Mollie Hemingway at The Federalist reported earlier today that poll watchers in sworn affidavits claim it was "a woman with blonde braids" who appeared to be a supervisor "yelled out" to those present in the room that they would stop working for the night and would resume in the morning.

Shaye told everyone to go home.

Then Shaye, her mother and a couple others including Ralph Jones, Sr. were filmed taking "suitcases" of ballots hidden under a table out to be tabulated. This was right before Joe Biden got his surprise spike in ballots.

And now the liberal media and their fake "fact-checkers" are lying about the incredible incident caught on video!⁷⁶

82. Jim Hoft's second article on December 8 was titled, "NOW WITH AUDIO: Georgia Election Official Ralph Jones, Sr. Announced on Nov. 3rd Evening that Counting would Stop at 11 PM — Then Led Team to Count Stashed 'Suitcase" Ballots." This article noted both the *Pearson v. Kemp* affidavit, which stated that the count was never intended to stop at 10:00 p.m., and Mr. Sterling's statement that counting was resumed at 11:00 p.m. It stated:

Ralph led a team of operatives in carrying out a massive voter fraud scandal on election night at the State Farm Center in Atlanta, Georgia.

Ralph and his team plotted to remove ALL elections observers (Republicans) from the counting room so they could roll out their

suitcases full of Joe Biden ballots and run them through the machine.

• • •

For the record — Georgia anti-Trump elections official Gabe Sterling later said that the local officials called for the counting to resume at 11 PM but this is just not true.

..

The elections officials used the "water main break" to say there was a delay in counting and they used that to send people home — except for the suitcase gang.

Then Ralph Jones, Sr., Ruby Freeman and her daughter Shaye Ross went to work rolling out the hidden suitcases of ballots stashed under the table and hidden from view.

It was their actions that gave Joe Biden the spike in unexplained votes in Georgia on Wednesday morning.

It appears that this was a conspiracy to remove observers from the center and then to commit their hidden suitcase ballot fraud.

...

The lying fake news media wants you to believe this entire incident was debunked.

Nothing could be further from the truth — something that is lacking in the mainstream media and their "fact-checkers" today.

We now have actual audio of Ralph Jones — the elections official at the heart of the "suitcase scandal" telling government officials the State Farm Center will shut down at 10 or 11 PM on Election night!

Georgia Secretary of State officials released an affidavit insisting there never was an intent to stop the count at 10:00 PM, but only the cutters were going to stop.⁷⁷

- 83. Jim Hoft authored a third article that same day to discredit the fact check organization Lead Stories, one of the several outside groups that had found the "suitcase scandal" to be no scandal at all. He sought to undermine their credibility by writing: "Lead Stories we now know is funded by Facebook and a Chinese company. So it makes sense that they would target any conservative outlet that reported on this explosive video." He used the occasion to repeat yet again the false claim that plaintiffs had "stayed behind and were seen pulling suitcases full of ballots out from under tables to be tabulated after the GOP inspectors and media left the room," in a pre-planned conspiracy to commit election fraud.
 - 84. Jim Hoft amplified each of these stories on Twitter.⁷⁹
- 85. Defendants' false and defamatory tirade targeting Ms. Freeman and Ms. Moss continued later that same month. On December 23, 2020, Jim Hoft published an article repeating a tweet posted by Team Trump the day before. This article was titled "Has the FBI Spoken with Ruby Freeman or Ralph Jones Yet? And If Not, Why in the Hell Do we Have an FBI?" It repeated prior false and defamatory claims about Ms. Freeman and Ms. Moss published on *The Gateway Pundit*, boasting of the publication's leading role in spreading the misinformation:

On Tuesday night President Trump tweeted out an OANN report on a Gateway Pundit investigation of the Atlanta suitcase voter fraud scandal.

The Gateway Pundit was first to identify Ruby Freeman, her daughter Wandrea "Shaye" Moss, and their boss Ralph Jones, Sr. in the infamous suitcase ballot hoist [sic].

We later reported on Ruby Freeman running the same batch of ballots through the counting machines at least three times after these Democrat operatives cleared the room of observers!

On Tuesday night President Trump tweeted this OANN and Gateway Pundit video.

Shaye Moss is the same person who called out for observers to go home late on election night before the ballot hoist.

Ralph Jones, Sr. is ON AUDIO telling reporters he was going to shut down the State Farm Center early and send observers home. This was BEFORE the suitcase ballot hoist [sic]!

It was a carefully planned event!

They had NO IDEA they would get caught!

At this time there is no evidence that FBI or the Georgia Bureau of Investigations have interviewed or arrested Ruby Freeman, Shaye Ross, or Ralph Jones, Sr.

They were able to flip Georgia for Beijing Biden by their actions.

Why is the FBI or DOJ not involved?

- This tells you everything you need to know about your federal government.⁸⁰
- 86. Jim Hoft amplified this story on Twitter.⁸¹
- 87. On January 2, 2021, Donald Trump placed a telephone call to Georgia's Secretary of State Brad Raffensperger, during which Mr. Trump pressured Mr. Raffensperger to change the outcome of the Georgia presidential election by finding more votes for him. To justify his request, Mr. Trump repeated some of the many false allegations about Ms. Freeman that Defendants had been publishing throughout December. These include statements calling her "a vote scammer, a professional vote scammer and hustler," and asserting, "we're so far ahead of these numbers, even the phony ballots of Ruby Freeman known scammer."
- 88. The next day, Jim Hoft published an article on *The Gateway Pundit* about this phone call. The article's headline announced, "HUGE: TRUMP DROPS A BOMB DURING PHONE CALL! Tells Raffensperger 'Vote Scammer and Hustler' Ruby Freeman Was Behind Alleged 18,000 FRAUDULENT VOTES in Suitcase Scandal! (VIDEO)." The article republished the portion of the call's transcript when Mr. Trump made the accusation of election fraud that defendants had been publishing repeatedly since December 3, and it inserted Ms. Freeman's name where it had been omitted by *The Washington Post*, which had broken the story about the call. It stated:

President Trump: We have at least 18,000, that's on tape. We had them counted very painstakingly. 18,000 voters having to [sic] with BEEP [in red] (Ruby Freeman). She's a vote scammer, a

- 91. On January 4, 2021, Georgia election officials held yet another press conference to refute the already-debunked election fraud allegations that Mr. Trump had raised in his call with Mr. Raffensperger. Ref Gabriel Sterling once again described the events that occurred on election day at State Farm Arena, explained how they represented entirely normal ballot processing, and directed listeners to the Georgia's Secretary of State's website for a detailed timeline matched to the surveillance footage. Sterling reiterated for the assembled reporters the actual series of events:

Late in the evening, after the water main break had been fixed, election workers prepared to go home for the night and followed standard procedures to store ballots securely: placing them in containers and affixing numbered seals. But when Mr.

93. PolitiFact published a fact-check article about the Raffensperger call that same day, finding that the events described by Mr. Sterling lined up with previous reports from PolitiFact and other fact-checkers. rated Mr. Trump's claim that Georgia election workers pulled 18,000 ballots from suitcases and counted them for Biden as "Pants on Fire!" false.⁹¹

F. The Gateway Pundit's Continuing Publication of False and Defamatory Claims

94. Nonetheless, Jim Hoft continued to return to his false statements about Ms. Freeman and Ms. Moss long after Inauguration Day. In June 2021, prompted by an online report that batches of absentee ballots were missing in Fulton County, he published another article replete with baseless and disproven allegations of voter fraud by plaintiffs:

This follows news first reported by The Gateway Pundit that election operative Ruby Freeman was also caught tripe [sic] counting stacks of votes late at night at the counting center after GOP observers were sent home.

. . .

On December 4th TGP reported with video on anti-Trump ballot counter Ruby Freeman working in a private cube with trays of ballots, walking past open boxes of ballots, working alone with NO ELECTION OBSERVERS IN SIGHT!

This is the DEFINITION OF CHEATING!

The video and tweet was removed from Twitter but we found the video on YouTube and we are saving a copy. [Embedded is a copy of an Instagram video taken by Ms. Freeman in October 2020 that she had removed.]

• • •

Now there is video of Ruby Freeman filming herself entering the building to count Georgia ballots.

Ruby walks by several boxes of ballots just sitting around in the room.

The elections workers were each given their own secret cube.

Then Ruby goes to her desk and pulls out a tray of ballots on her desk.

There is NO supervisor or GOP observer anywhere in sight.

And then Ruby leaves the ballots on her desk as she goes to take a break.

This is suspicious activity. The State Farm Center was full of unsecured ballots and illegal conduct.

The Democrat operatives were running a voter fraud factory inside the State Farm Center on Election Day and into Election Week!⁹²

95. On August 14, 2021, Joe Hoft published another article on *The Gateway Pundit* falsely describing how Ms. Freeman, Ms. Moss, and other election workers had been added to a lawsuit against Fulton County alleging election fraud.⁹³ The article republished *The Gateway Pundit*'s prior defamatory statements about Ms. Freeman and boasted about its role in promulgating and amplifying the false claims:

We first discovered Ruby Freeman and her daughter Shaye Moss in December when The Gateway Pundit first reported that these two election workers took ballots out from under a table on Election night and jammed thousands of ballots into the tabulators numerous times.

This was after all of the election observers were sent home for the night. This was also after Trump had accumulated what experts said was an insurmountable lead in the state.

We revealed first that the ballots taken out from under tables on Election night were pushed into tabulators up to three times each.

G. Defendants Published the Statements With Knowledge of Their Falsity or Serious Doubts About Their Truth

- 96. Defendants knew that their statements about Ms. Freeman and Ms. Moss were not true or had serious doubts about their truth.
- 97. Defendants were aware of the numerous statements by Georgia officials disproving the portrayal of misconduct that had been advanced by the Trump lawyers, and they also knew that multiple fact-checking organizations had confirmed the facts as presented by the Georgia officials. Defendants disregarded the reliable sources refuting their claims and had no credible basis for the false allegations they continued to make.
- 98. At no point in publishing their many stories about Ms. Freeman and Ms. Moss did Defendants ever attempt to contact Plaintiffs to obtain their account of the events being reported. Nor did Defendants contact for corroboration other obvious available sources, and they specifically avoided contacting sources who had evidence to disprove their lies.
- 99. Defendants ignored the truth because they had a predetermined story in mind that would continue to attract readers—that widespread voter fraud would taint the 2020 presidential election. Even before the vote counting began, defendants cultivated this narrative. 95 In

⁹⁴ Ex. 9.

⁹⁵ See, e.g., Jim Hoft, BREAKING: US Mail Found in Ditch in Rural Wisconsin – Included Absentee Ballots, Gateway Pundit (Sept. 23, 2020, 11:18 AM), https://www.thegatewaypundit.com/2020/09/breaking-us-mail-found-ditch-greenville-wisconsin-included-absentee-ballots/.

November 2020, Defendants published multiple articles focusing on baseless claims of election fraud in several states.⁹⁶

- 100. Defendants advanced this predetermined fictitious storyline in the face of the facts because it was financially advantageous to do so. They were motivated to publish lies about Plaintiffs because lying about the election was more profitable than telling the truth.
- 101. Defendants consciously avoided the truth in order to profit from the repeated publication of scandalous material. *The Gateway Pundit*'s articles about voter fraud throughout the 2020 election cycle increased its readership, reach, and engagement. Its articles about voter fraud, in particular, performed well, and it earned increased advertising revenue by publishing and republishing such well-performing falsehoods about Plaintiffs.
- 102. Defendants additionally hoped that repeating their preconceived narrative would affect the outcome of the presidential election.

H. Defendants Caused Substantial Reputational Harm With Their False Statements About Ms. Freeman and Ms. Moss That Constitute Defamation *Per Se*

- and carried out with others a plot to "steal the election" and "flip Georgia" for Joe Biden; (b)

 Ms. Freeman and Ms. Moss helped to fake a water main break that was used as a cover to bring suitcases stuffed with fraudulent ballots into the vote tabulation center; (c) Ms. Freeman and Ms. Moss engaged in a criminal conspiracy to exclude observers during the counting of ballots so that they could engage in election fraud; (d) Ms. Freeman and Ms. Moss criminally introduced "suitcases" of illegal ballots into the ballot counting process when no observers were present; (e) Ms. Freeman fraudulently triple-counted the same ballots by running them through a tabulator three times; and (f) Ms. Freeman and Ms. Moss committed election fraud and other crimes for which they are subject to arrest and imprisonment. These claims are false and constitute defamation per se.
- 104. Given the nature of Plaintiffs' employment with the Registration and Elections
 Department of Fulton County, Defendants' claims that Ms. Freeman and Ms. Moss participated
 in a conspiracy to fraudulently overturn a democratic election would tend to injure them in their
 trade, office, or profession: A reputation for integrity is a requirement for workers in a profession
 whose responsibility is to accurately and legitimately tabulate and report elections results while
 maintaining public confidence in elections.
- 105. Defendants also stated that Ms. Freeman and Ms. Moss participated in criminal activity punishable by law. Defendants labeled both Ms. Freeman and Ms. Moss as "crooks" and claimed that "nobody did more to steal the election for Joe Biden than this mother-daughter

combo."⁹⁷ Defendants asserted that the actions of Ms. Freeman and Ms. Moss were "illegal" and that "the Georgia police or Bill Barr's DOJ may want to pay Ruby Freeman a visit."⁹⁸

Freeman and Ms. Moss.

107. Defendants are directly responsible for the reputational harm that Ms. Freeman and Ms. Moss experienced. Though the initial claims by the Trump legal team were based only on short selections of security footage and did not name any individual Fulton County election workers, "[t]he Gateway Pundit was first to identify Ruby Freeman [and] her daughter Wandrea "Shaye" Moss . . . in the infamous suitcase ballot hoist [sic]," as the Defendants themselves boast. 99

I. Impact of Defendants' Campaign Against Ms. Freeman and Ms. Moss

108. Defendants repeatedly published the full names of Ms. Freeman and Ms. Moss, in addition to numerous images of Ms. Freeman and Ms. Moss, the name of Ms. Freeman's business, and Ms. Freeman's social media account information. In so doing, Defendants were fully aware that their readers would target Ms. Freeman and Ms. Moss in response to their stories. Defendants even urged their readers not to "confuse [Ms. Freeman's business] with a similar business in Snellville!" 100

⁹⁷ Ex. 8.

⁹⁸ Ex. 3.

⁹⁹ Ex. 17.

¹⁰⁰ Ex. 7.

109. As a direct result of Defendants' campaign of lies, Ms. Freeman and Ms. Moss began receiving—almost immediately—an onslaught of extremely violent and graphic threats and dangerous harassment.

Ms. Freeman

- 110. As Defendants' false accusations began to spread across the internet,

 Ms. Freeman received at least 420 emails and seventy-five text messages, including one that
 read, "We know where you live, we coming to get you."
- 111. Ms. Freeman sought intervention from the local police; a local officer answered more than twenty harassing calls on Ms. Freeman's cell phone. Despite these efforts, Ms. Freeman was ultimately forced to change her phone number and email address.
- 112. On multiple occasions, strangers camped out at Ms. Freeman's home and/or knocked on her door. When Ms. Freeman was not home or would not answer the door, these strangers would sometimes also harass her neighbors. Strangers were coming to her home so frequently that the local police agreed to add her address to their patrols of the area.
- 113. During this time, numerous pizza deliveries showed up at her home that she and her family had never ordered. This is an often-chronicled result of being "doxxed"—the term for when strangers post and share a target's personal information as a means to organize a coordinated harassment campaign.
- 114. Christmas cards were mailed to Ms. Freeman's address with messages like, "Ruby please report to the FBI and tell them you committed voter fraud. If not you will be sorry," and "You deserve to go to jail, you worthless piece of shit whore."
- 115. The level of harassment Ms. Freeman received at her home led the FBI to conclude that she would not be safe in her home on beginning on January 6, 2021, the date of

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 48 of 320 PageID #: 55

former President Trump's infamous rally and the subsequent insurrection at the U.S. Capitol, and continuing at least through Inauguration Day, January 20, 2021.

- 116. On January 6, 2021, a crowd surrounded Ms. Freeman's house, some on foot, some in vehicles, others equipped with a bullhorn. Fortunately, Ms. Freeman had followed the FBI's advice and had temporarily relocated from her home. She was not able to return for two months.
- 117. Since returning home, Ms. Freeman has had to purchase eleven cameras and three motion sensors in an effort to safeguard her own home.
- 118. Ms. Freeman was also forced to deactivate the social media pages for herself and her business, Lady Ruby's Unique Treasures, a pop-up clothing boutique. Though she has long been a local entrepreneur, she was forced to shutter her business when she was unable to attend public events or conduct online marketing through social media.
- 119. The reputational impacts of Defendants' lies continue to be felt across

 Ms. Freeman's social and professional networks. After being publicly accused of crimes, she has lost friendships.
- 120. When people recognize her in public and call out her name, Ms. Freeman is fearful. Her experiences over the months since *The Gateway Pundit*'s defamation campaign began have taught Ms. Freeman to be distrustful of strangers and concerned for her safety.
- 121. To this day, Ms. Freeman continues to receive threatening communications referencing Defendants' defamation. On November 13, 2021, she received an email accusing her of treason, insinuating she would soon be serving jail time, and including a link to an article about election fraud in Georgia from *The Gateway Pundit*.

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 49 of 320 PageID #: 56

Ms. Moss

- 122. The day after *The Gateway Pundit*'s campaign of falsehoods began, Ms. Moss's then fourteen-year-old son informed her that numerous calls were coming into Ms. Moss's old phone, which he was using at the time. When he answered the calls, he was bombarded with racial slurs and threats of violence. One caller stated that her son "should hang alongside [his] nigger momma."
- 123. These harassing calls continued for months and were so numerous and disturbing that her son eventually got into the habit of turning the cell phone off. However, the Wi-Fi hotspot feature on the phone was his only method of accessing the internet for school and all of his classes were virtual because of the ongoing coronavirus pandemic. After months of this abuse, Ms. Moss learned her son had failed multiple classes, and as a result, Ms. Moss had to pay for several summer school courses.
- 124. Defendants' defamation also caused Ms. Moss to suffer an onslaught of online harassment. She received dozens of messages through Facebook, LinkedIn, and Pinterest, many of which threatened violence. These messages did not merely suggest Ms. Moss lose her job but insisted that she deserved to die and would be killed in retribution for her "treason." She has since deleted her Pinterest and LinkedIn accounts.
- 125. Because Ms. Moss had previously lived with her grandmother, it was her grandmother's address that harassers found and exploited. As they did with Ms. Freeman, these harassers repeatedly sent unwanted pizzas to Ms. Moss's grandmother's house.
- 126. On at least two occasions, strangers showed up at her grandmother's home and attempted to push into the house in order to make a "citizens' arrest." On these occasions,

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 50 of 320 PageID #: 57

Ms. Moss's grandmother, who is in her mid-seventies, called her in a panic, confused and scared for her safety.

- 127. The impacts of Defendants' lies also followed Ms. Moss at work. The general email addresses used by the public to contact the Fulton County elections offices would forward incoming emails to Ms. Moss and many of her colleagues. As a result, Ms. Moss and her colleagues received, directly in their work inboxes, harassing emails sent to those public email addresses.
- 128. Inspired by the demonstrably false conspiracy theory pushed by Defendants, people have also protested about Ms. Moss outside of her Fulton County workplace, demanding she be fired from her job.
- 129. This whirlwind of negative attention around Ms. Moss has left her feeling fearful and ashamed in an office where she has worked since 2012. Before the 2020 general election, she generally enjoyed the parts of her job that allowed her to work with and assist the public. Now, even when she is assisting constituents over the phone, she begins to sweat and feel anxious if they ask her name. She is afraid that when people hear her name, they will think she is a fraud and a cheater.
- 130. Like her mother, Ms. Moss is now fearful whenever people recognize her in public. As a result, Ms. Moss has largely retreated from social and public life. She has gone as far as to avoid the grocery store, opting to have groceries delivered in order to avoid it. She feels trapped by the unshakable fear that there are unknown people after her who want her dead.
- 131. Over the last year, Ms. Moss has suffered from disrupted sleep and has gained fifty pounds as a result of the stress caused by Defendants' campaign of lies. The onslaught of threats that Plaintiffs have experienced and the necessary measures they have been forced to take

to protect themselves are the direct result of Defendants' defamatory conduct. Plaintiffs have and will continue to experience serious and severe emotional distress as a result. The harm Defendants have caused to Plaintiffs' reputations, privacy, safety, and earnings and other pecuniary loss is immense.

J. Plaintiffs' Cease and Desist Letter and Defendants' Failure to Retract

- 132. In an effort to attempt to mitigate the harm caused by the publication of the false statements in Defendants' stories, Ms. Freeman and Ms. Moss engaged legal counsel, Dowd Bennett, LLC, and DuBose Miller, LLC to seek retraction from Defendants.
- 133. On November 22, 2021, counsel sent Defendants a letter demanding that they retract and take down the numerous defamatory statements they have published and continue to publish about Ms. Freeman and Ms. Moss.
 - 134. As of the date of this filing, Defendants have not responded to that letter.

FIRST CLAIM

(Defamation of Ms. Freeman)

- 135. Plaintiffs incorporate and re-allege all paragraphs preceding and following as if fully set forth herein.
- 136. Beginning on December 3, 2020, Defendants published a series of false and defamatory statements of fact about Ms. Freeman, including by and through *The Gateway Pundit*'s own agents making the statements themselves; and by republishing the statements on *The Gateway Pundit*'s website and social media accounts, and the social media accounts of its agents, as detailed extensively above. Those statements include, but are not limited to, the following nonexhaustive list:
 - a) In their December 3, 2020, article published at 1:11 p.m., Defendants made the following false statements:

Poll watchers were kicked out of the State Farm Arena tabulation center on election night after a burst pipe caused flooding.

. . .

We now know that a pipe never burst. It was all a lie in order to kick out poll watchers while a few crooks stayed behind to count illegal ballots for Joe Biden.

b) In their December 3, 2020, article published at 1:11 p.m., Defendants made the following false statement, which they republished verbatim seven (7) times on December 3, 2020 at 8:49 p.m.; December 4, 2020 at 7:35 a.m., 8:53 a.m., and 1:51 p.m.; December 7, 2020 at 7:15 a.m.; and December 8, 2020 at 7:20 a.m. and 1:11 p.m.¹⁰¹:

A few "workers" stayed behind and were seen pulling suitcases full of ballots out from under tables to be tabulated!

c) In their December 3, 2020, article published at 8:49 p.m., Defendants made the following false statement, which they republished verbatim six (6) times on December 4, 2020 at 7:35 a.m., 8:53 a.m., and 1:51 p.m.; December 7, 2020 at 7:15 a.m.; and December 8, 2020 at 7:20 a.m. and 1:11 p.m.:

Cristina Laila reported on the explosive video that was revealed during the Georgia ballot counting at the State Farm Arena where crooked Democrats pulled out suitcases full of ballots and began counting those ballots without election monitors in the room.

d) In their December 3, 2020, article published at 8:49 p.m., Defendants made the following false statement, which they republished verbatim five (5) times on December 4, 2020 at 7:35 a.m., 8:53 a.m., and 1:51 p.m.; December 7, 2020 at 7:15 a.m.; and December 8, 2020 at 7:20 a.m.:

We identified one of the operatives [last/Thursday] night who was caught on video counting illegal ballots from a suitcase stashed under a table!

e) In their December 3, 2020, article published at 8:49 p.m., Defendants made the following false statement, which they republished verbatim four (4) times on December 4, 2020 at 7:35 a.m., 8:53 a.m., and 1:51 p.m.; and December 8, 2020 at 7:20 a.m.:

As you can see from the video one woman in a purple top was filmed helping pull out the ballots and then sitting down to count the ballots.

¹⁰¹ The December 8, 2020 1:11 p.m. article added the additional defamatory statement: "A few liberal election 'workers' stayed behind and were seen pulling suitcases full of ballots out from under tables to be tabulated after the GOP inspectors and media left the room!"

f) In their December 3, 2020, article published at 8:49 p.m., Defendants made the following false statements, which they republished four (4) times on December 4, 2020 at 7:35 a.m., 8:53 a.m., ¹⁰² and 1:51 p.m. ¹⁰³; and December 8, 2020 at 7:20 a.m.:

One woman in the video is wearing a purple top.

She later appeared in the suitcase video!

The woman in the purple made a mistake and left her purse on her desk advertising her business.

Her name is Ruby Freeman.

And she made the mistake of advertising her purse on her desk the same night she was involved in voter fraud on a MASSIVE SCALE.

Her T-shirt says "Lady Ruby" and her purse says, "LaRuby" which is her company.

This was not a very smart move.

Her company is called "LaRuby's Unique Treasures."

It's on her LinkedIn page!

Ruby's purse was a hit and several fans wrote her on her LinkedIn page after they saw her and her purse on TV.

They then commented on her LinkedIn page. 104

g) Defendants end their December 3, 2020, article published at 8:49 p.m. with the following false statements:

Maybe the Georgia police or Bill Barr's DOJ may want to pay Ruby Freeman a visit.

. . .

CROOK GETS CAUGHT

¹⁰² The December 4, 2020, 8:53 a.m. article's republication deletes the following sentences: "The woman in the purple made a mistake and left her purse on her desk advertising her business," and "It's on her LinkedIn page!"

¹⁰³ The December 4, 2020, 1:51 p.m. article's republication deletes the following sentences: "Her T-shirt says 'Lady Ruby' and her purse says, 'LaRuby' which is her company. This was not a very smart move. Her company is called 'LaRuby's Unique Treasures.' It's on her LinkedIn page!"

¹⁰⁴ The original publication of this article added that "Ruby Freeman still has an active Facebook page (as of 11 PM on Thursday night)," while republications noted that Freeman's Facebook account was no longer active.

h) In their December 4, 2020, article published at 8:53 a.m., Defendants made the following false statements, which they republished verbatim on June 19, 2021 at 8:31 p.m.:

Now there is video of Ruby Freeman filming herself entering the building to count Georgia ballots.

Ruby walks by several boxes of ballots just sitting around in the room.

The elections workers were each given their own secret cube.

Then Ruby goes to her desk and pulls out a tray of ballots on her desk.

There is NO supervisor or GOP observer anywhere in sight.

And then Ruby leaves the ballots on her desk as she goes to take a break.

This is suspicious activity. The State Farm Center was full of unsecured ballots and illegal conduct.

i) In their December 4, 2020, article published at 1:51 p.m., Defendants made the following false statements:

And now there is video of Ruby secretly passing something to her daughter during the ballot counting.

It is not clear what was passed. Some readers say it was a USB stick but it is not clear what they passed to each other.

It sure looks like they were trying to hide this transaction.

j) In their December 4, 2020, article published at 5:45 p.m., Defendants made the following false statements:

The mother – daughter team of ballot counters in Atlanta really overdid their fraud. We saw last night how they stuck around and counted ballots after kicking Republicans out of the State Farm Center on a fake water main break hoax.

We also saw the mother and daughter pass an object the size of a thumb drive between each other in a suspicious manner[.]

Now we have evidence mother Ruby sent the same stack of votes through a tabulator in the State Farm Center three times. This is illegal.

The corrupt Republican politicians in Georgia are giving the election to Joe Biden. Besides them, nobody did more to steal the election for Joe Biden than this mother – daughter combo. The good people in Georgia need to stand up.

k) In their December 6, 2020, article published at 9:23 p.m., Defendants made the following false statements, which they republished on December 7, 2020 at 8:29 a.m.:

Next it was uncovered that a mother and daughter team, Ruby Freeman and her daughter "Shaye" Moss as well as a couple others, stuck around after sending everyone home and started running ballots through tabulators. Ballots were pulled out from under a table that were previously covered up and processed with no Republican observers.

The mother – daughter team have become infamous in the annals of voter corruption[.]

l) In their December 7, 2020, article published at 8:29 a.m., Defendants made the following false statements, which they republished on December 8, 2020 at 8:59 a.m.¹⁰⁵:

Ralph Jones, Sr. was identified as the third suspect in the Fulton County Georgia suitcase scandal.

- ** Ralph led a team of operatives in carrying out a massive voter fraud scandal on election night at the State Farm Center in Atlanta, Georgia.
- ** Ralph and his team plotted to remove ALL elections observers (Republicans) from the counting room so they could roll out their suitcases full of Joe Biden ballots and run them through the machine.

...

They sent everyone home!

...

- ** The elections officials used the "water main break" to say there was a delay in counting and they used that to send people home except for the suitcase gang.
- ** Then Ralph Jones, Sr., Ruby Freeman and her daughter Shaye Ross went to work rolling out the hidden suitcases of ballots stashed under the table and hidden from view.
- ** It was their actions that gave Joe Biden the spike in unexplained votes in Georgia on Wednesday morning.
- ** It appears this was a conspiracy to lie to the public including local news, to remove observers from the center and then to commit their hidden suitcase ballot fraud.

¹⁰⁵ The December 8, 2020 at 8:59 a.m. article shortens the final sentence to read, "It appears this was a conspiracy to remove observers from the center and then to commit their hidden suitease ballot fraud."

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 56 of 320 PageID #: 63

m) Defendants end their December 7, 2020, article published at 8:29 a.m. with the following false statements:

We know [the alleged pipe burst at State Farm Arena] was a lie because there was NEVER a work order filed and the water department never received a call.

It never happened!

But it gave Ralph and Ruby and Shaye cover to complete their scam on Georgia and America!

n) In their December 8, 2020, article published at 7:20 a.m., Defendants made the following false statements:

Shaye told everyone to go home.

Then Shaye, her mother and a couple others including Ralph Jones, Sr. were filmed taking "suitcases" of ballots hidden under a table out to be tabulated. This was right before Joe Biden got his surprise spike in ballots.

And now the liberal media and their fake "fact-checkers" are lying about the incredible incident caught on video!

o) In their December 23, 2020, article published at 8:40 a.m., Defendants made the following false statements:

The Gateway Pundit was first to identify Ruby Freeman, her daughter Wandrea "Shaye" Moss, and their boss Ralph Jones, Sr. in the infamous suitcase ballot hoist [sic].

We later reported on Ruby Freeman running the same batch of ballots through the counting machines at least three times after these Democrat operatives cleared the room of observers!

•••

Shaye Moss is the same person who called out for observers to go home late on election night before the ballot hoist [sic].

Ralph Jones, Sr. is ON AUDIO telling reporters he was going to shut down the State Farm Center early and send observers home. This was BEFORE the suitcase ballot hoist [sic]!

It was a carefully planned event!

They had NO IDEA they would get caught!

At this time there is no evidence that FBI or the Georgia Bureau of Investigations have interviewed or arrested Ruby Freeman, Shaye Ross, or Ralph Jones, Sr.

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 57 of 320 PageID #: 64

They were able to flip Georgia for Beijing Biden by their actions.

Why is the FBI or DOJ not involved?

This tells you everything you need to know about your federal government.

p) In their January 3, 2021, article published at 6:20 p.m., Defendants made the following false statements:

President Trump: We have at least 18,000, that's on tape. We had them counted very painstakingly. 18,000 voters having to with BEEP [in red] (Ruby Freeman). She's a vote scammer, a professional vote scammer and hustler. BEEP [in red] (Ruby Freeman) that is the tape that is shown all over the world. It makes everybody look bad, you, me and everybody else. Number one, they said very clearly, and it's been reported that they said that there's a water main break. Everybody fled the area. And then they came back. BEEP [in red] (Ruby Freeman) and her daughter and a few people.

q) In their June 19, 2021, article published at 8:31 p.m., Defendants made the following false statements:

This follows news first reported by The Gateway Pundit that election operative Ruby Freeman was also caught tripe [sic] counting stacks of votes late at night at the counting center after GOP observers were sent home.

It was a carefully planned event!

They had NO IDEA they would get caught!

On December 4th TGP reported with video on anti-Trump ballot counter Ruby Freeman working in a private cube with trays of ballots, walking past open boxes of ballots, working alone with NO ELECTION OBSERVERS IN SIGHT!

This is the DEFINITION OF CHEATING!

..

The Democrat operatives were running a voter fraud factory inside the State Farm Center on Election Day and into Election Week!

r) In their August 14, 2021, article published at 9:15 a.m., Defendants made the following false statements:

We first discovered Ruby Freeman and her daughter Shaye Moss in December when The Gateway Pundit first reported that these two election workers took ballots out from under a table on Election night and jammed thousands of ballots into the tabulators numerous times.

This was after all of the election observers were sent home for the night. This was also after Trump had accumulated what experts said was an insurmountable lead in the state.

We revealed first that the ballots taken out from under tables on Election night were pushed into tabulators up to three times each.

Electronically Filed - City of St. Louis - December 02, 2021 - 08:51 AM

. . .

This is not good for Ruby and her daughter.

It's also pathetic that these two are not in jail already. Their crimes were videotaped!

- 137. The defamatory meanings of Defendants' false statements are apparent from the face of the publications, refer to Ms. Freeman by name, are accompanied by images of Ms. Freeman, and/or are understood to be about her.
- 138. The statements authored and published by Defendants about Ms. Freeman are reasonably understood to state or imply that she:
 - a) Planned and carried out with others a plot to "steal the election" and "flip Georgia" for Joe Biden;
 - b) Helped to fake a water main break that was used as a cover to bring suitcases stuffed with fraudulent ballots into the vote tabulation center;
 - c) Engaged in a criminal conspiracy to exclude observers during the counting of ballots so that election fraud could be committed;
 - d) Criminally introduced illegal ballots taken from the hidden suitcases into the ballot counting process when no observers were present;
 - e) Fraudulently triple-counted ballots by running them through a tabulator three times; and
 - f) Committed election fraud and other crimes for which she is subject to arrest and imprisonment.
 - 139. Each of these statements and implications is false and defamatory.

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 59 of 320 PageID #: 66

140. Each of these statements was read by millions of visitors to *The Gateway Pundit* website, as well as social media users who read social media posts shared by Defendants.

- 141. Each of these false statements was published with actual malice, *i.e.*, with knowledge of its falsity or with reckless disregard as to its truth.
- 142. Defendants failed to contact and question obvious available sources for corroboration; disregarded reliable sources refuting their claims; had no credible basis for the false allegations made; and published their allegations in a manner to create false inferences.
- 143. Defendants had both political and financial motives for promulgating lies about Plaintiffs.
- 144. Defendants did not neutrally report the allegations about Ms. Freeman that were advanced by Trump lawyers and promptly disproven by Georgia election officials. Rather, they endorsed and adopted the allegations as their own, publishing and republishing them for months with full knowledge of their falsity or reckless disregard for their truth.
- 145. Defendants had no applicable privilege or legal authorization to make these false and defamatory statements, or if they did, they abused it.
- 146. Defendants repeated and embellished the false accusations without ever attempting to verify them and invented and published defamatory lies about Ms. Freeman without once seeking comment from her.
- 147. Defendants' defamatory statements were inherently improbable to begin with and have only become more improbable over time.
- 148. Defendants have never retracted their defamatory statements and those statements remain published on *The Gateway Pundit* to this day. Even after Plaintiffs specifically requested

that Defendants retract their defamatory statements, Defendants took no action, further evidencing their actual malice.

- 149. Defendants' statements and implications about Ms. Freeman constitute defamation *per se* in that they damaged her in her trade, office, or profession and claimed that she participated in criminal activity punishable by law and labeled her a "crook."
- 150. Defendants acted with willful misconduct, malice, fraud, wantonness, oppression, and/or entire want of care which would raise the presumption of conscious indifference to consequences, and they specifically intended to cause Ms. Freeman harm.
- 151. Defendants' statements damaged Ms. Freeman's reputation in the general public, in her profession, in her neighborhood, and with friends, relatives, and neighbors.
- 152. As a direct and proximate result of Defendants' conduct, Ms. Freeman has suffered significant general, actual, consequential, and special damages including, without limitation, impairment of reputation and standing in the community, personal humiliation, mental anguish and suffering, emotional distress, stress, anxiety, lost earnings, and other pecuniary loss. Among other things, Ms. Freeman lost income when she was forced to shutter her online business.

SECOND CLAIM

(Defamation of Ms. Moss)

- 153. Plaintiffs incorporate and re-allege all paragraphs preceding and following as if fully set forth herein.
- 154. Beginning on December 3, 2020, Defendants published a series of false and defamatory statements of fact about Ms. Moss, including by and through *The Gateway Pundit*'s own agents making the statements themselves; and by republishing the statements on *The Gateway Pundit*'s website and social media accounts, and the social media accounts of its agents,

We also saw the mother and daughter pass an object the size of a thumb drive between each other in a suspicious manner[.]

Now we have evidence mother Ruby sent the same stack of votes through a tabulator in the State Farm Center three times. This is illegal.

The corrupt Republican politicians in Georgia are giving the election to Joe Biden. Besides them, nobody did more to steal the election for Joe Biden than this mother – daughter combo. The good people in Georgia need to stand up.

h) In their December 7, 2020, article published at 7:15 a.m., Defendants made the following false statements:

And [Ruby's] daughter Wandrea "Shaye" Moss was later identified as her supervisor who was helping cart out the hidden ballots in the suitcases to be counted after all of the GOP observers and media was sent home for a "water main" break.

It was all a fraud.

i) In their December 7, 2020, article published at 8:29 a.m., Defendants made the following false statements, which they republished on December 8, 2020 at 8:59 a.m.:

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 63 of 320 PageID #: 70

Ralph Jones, Sr. was identified as the third suspect in the Fulton County Georgia suitcase scandal.

- ** Ralph led a team of operatives in carrying out a massive voter fraud scandal on election night at the State Farm Center in Atlanta, Georgia.
- ** Ralph and his team plotted to remove ALL elections observers (Republicans) from the counting room so they could roll out their suitcases full of Joe Biden ballots and run them through the machine.

...

They sent everyone home!

...

- ** The elections officials used the "water main break" to say there was a delay in counting and they used that to send people home except for the suitcase gang.
- ** Then Ralph Jones, Sr., Ruby Freeman and her daughter Shaye Ross went to work rolling out the hidden suitcases of ballots stashed under the table and hidden from view.
- ** It was their actions that gave Joe Biden the spike in unexplained votes in Georgia on Wednesday morning.
- ** It appears this was a conspiracy to lie to the public including local news, to remove observers from the center and then to commit their hidden suitcase ballot fraud.
- j) Defendants end their December 7, 2020, article published at 8:29 a.m. with the following false statements:

We know [the alleged pipe burst at State Farm Arena] was a lie because there was NEVER a work order filed and the water department never received a call.

It never happened!

But it gave Ralph and Ruby and Shaye cover to complete their scam on Georgia and America!

k) In their December 8, 2020, article published at 7:20 a.m., Defendants made the following false statements:

Shaye told everyone to go home.

Then Shaye, her mother and a couple others including Ralph Jones, Sr. were filmed taking "suitcases" of ballots hidden under a table out to be tabulated. This was right before Joe Biden got his surprise spike in ballots.

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 64 of 320 PageID #: 71

And now the liberal media and their fake "fact-checkers" are lying about the incredible incident caught on video!

1) In their December 23, 2020, article published at 8:40 a.m., Defendants made the following false statements:

The Gateway Pundit was first to identify Ruby Freeman, her daughter Wandrea "Shaye" Moss, and their boss Ralph Jones, Sr. in the infamous suitcase ballot hoist [sic].

We later reported on Ruby Freeman running the same batch of ballots through the counting machines at least three times after these Democrat operatives cleared the room of observers!

...

Shaye Moss is the same person who called out for observers to go home late on election night before the ballot hoist.

Ralph Jones, Sr. is ON AUDIO telling reporters he was going to shut down the State Farm Center early and send observers home. This was BEFORE the suitcase ballot hoist[sic]!

It was a carefully planned event!

They had NO IDEA they would get caught!

At this time there is no evidence that FBI or the Georgia Bureau of Investigations have interviewed or arrested Ruby Freeman, Shaye Ross, or Ralph Jones, Sr.

They were able to flip Georgia for Beijing Biden by their actions.

Why is the FBI or DOJ not involved?

This tells you everything you need to know about your federal government.

m) In their January 3, 2021, article published at 6:20 p.m., Defendants made the following false statements:

President Trump: We have at least 18,000, that's on tape. We had them counted very painstakingly. 18,000 voters having to with BEEP [in red] (Ruby Freeman). She's a vote scammer, a professional vote scammer and hustler. BEEP [in red] (Ruby Freeman) that is the tape that is shown all over the world. It makes everybody look bad, you, me and everybody else. Number one, they said very clearly, and it's been reported that they said that there's a water main break. Everybody fled the area. And then they came back. BEEP [in red] (Ruby Freeman) and her daughter and a few people.

n) In their June 19, 2021, article published at 8:31 p.m., Defendants made the following false statement:

The Democrat operatives were running a voter fraud factory inside the State Farm Center on Election Day and into Election Week!

o) In their August 14, 2021, article published at 9:15 a.m., Defendants made the following false statements:

We first discovered Ruby Freeman and her daughter Shaye Moss in December when The Gateway Pundit first reported that these two election workers took ballots out from under a table on Election night and jammed thousands of ballots into the tabulators numerous times.

This was after all of the election observers were sent home for the night. This was also after Trump had accumulated what experts said was an insurmountable lead in the state.

We revealed first that the ballots taken out from under tables on Election night were pushed into tabulators up to three times each.

...

This is not good for Ruby and her daughter.

It's also pathetic that these two are not in jail already. Their crimes were videotaped!

- 155. The defamatory meanings of Defendants' false statements are apparent from the face of the publications, refer to Ms. Moss by name, are accompanied by images of Ms. Moss, and/or are understood to be about her.
- 156. The statements authored and published by Defendants about Ms. Moss are reasonably understood to state or imply that she:
 - a) Planned and carried out with others a plot to "steal the election" and "flip Georgia" for Joe Biden;
 - b) Helped to fake a water main break that was used as a cover to bring suitcases stuffed with fraudulent ballots into the vote tabulation center;
 - c) Engaged in a criminal conspiracy to exclude observers during the counting of ballots so that election fraud could be committed;
 - d) Criminally introduced illegal ballots taken from the hidden suitcases into the ballot counting process when no observers were present;

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 66 of 320 PageID #: 73

- e) Committed election fraud and other crimes for which she is subject to arrest and imprisonment.
- 157. Each of these statements and implications is false and defamatory.
- 158. Each of these statements were read by millions of visitors to *The Gateway Pundit* website, as well as social media users who read social media posts shared by Defendants.
- 159. Each of these false statements was published with actual malice, *i.e.* with knowledge of its falsity or with reckless disregard as to its truth.
- 160. Defendants failed to contact and question obvious available sources for corroboration; disregarded reliable sources refuting their claims; had no credible basis for the false allegations made; and published their allegations in a manner to create false inferences.
- 161. Defendants had both political and financial motives for promulgating lies about Plaintiffs.
- 162. Defendants did not neutrally report the allegations about Ms. Moss that were advanced by Trump lawyers and promptly disproven by Georgia election officials. Rather, they endorsed and adopted the allegations as their own, publishing and republishing them for months with full knowledge of their falsity or reckless disregard for their truth.
- 163. Defendants had no applicable privilege or legal authorization to make these false and defamatory statements, or if they did, they abused it.
- 164. Defendants repeated and embellished the false accusations without ever attempting to verify them, and they invented and published defamatory lies about Ms. Moss without once seeking comment from her.
- 165. Defendants' defamatory statements were inherently improbable to begin with and have only become more improbable over time.

- 166. Defendants have never retracted their defamatory statements and those statements remain published on *The Gateway Pundit* to this day. Even after Plaintiffs specifically requested that Defendants retract their defamatory statements, Defendants took no action, further evidencing their actual malice.
- 167. Defendants' statements and implications about Ms. Moss constitute defamation per se in that they claim Ms. Moss participated in criminal activity punishable by law and labeled her a "crook."
- 168. Defendants acted with willful misconduct, malice, fraud, wantonness, oppression, and/or entire want of care which would raise the presumption of conscious indifference to consequences, and they specifically intended to cause Ms. Moss harm.
- 169. Defendants' statements damaged Ms. Moss's reputation in the general public, in her profession, in her neighborhood, and with friends, relatives, and neighbors.
- 170. As a direct and proximate result of Defendants' conduct, Ms. Moss has suffered significant general, actual, consequential, and special damages including, without limitation, impairment of reputation and standing in the community, personal humiliation, mental anguish and suffering, emotional distress, stress, anxiety, lost earnings, and other pecuniary loss. Among other things, Ms. Moss has had to pay for summer school for her son when he turned off his phone and failed classes as a result of the harassment prompted by Defendants' defamation.

THIRD CLAIM

(Intentional Infliction of Emotional Distress)

- 171. Plaintiffs incorporate and re-allege all paragraphs preceding and following as if fully set forth herein.
- 172. Defendants' months-long campaign of false and defamatory accusations directed specifically at Ms. Freeman and Ms. Moss was malicious, wanton, and intentional.

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 68 of 320 PageID #: 75

- 173. Defendants carried out their campaign with actual malice as they either knew that their accusations were false or published them with reckless disregard for their truth.
- 174. Defendants wrongful conduct was extreme and outrageous, and it was calculated to cause harm to Ms. Freeman and Ms. Moss. Defendants accused plaintiffs of stealing an election through a pre-conceived plan that would make them "infamous in the annals of voter corruption." They exploited public fear and taunted the "good people of Georgia" to stand up to the corrupt "mother-daughter combo" who stole the election for Joe Biden. Defendants encouraged readers to retaliate and harass plaintiffs, publicizing that Ms. Freeman could be contacted through the LinkedIn page of her business and coyly warning not to confuse her business with another in Georgia with a similar name.
- 175. Defendants' wrongful conduct is so outrageous in character and so extreme in degree that it is beyond all possible bounds of decency and is to be regarded as atrocious and utterly intolerable in a civilized community.
- 176. Defendants acted with willful misconduct, malice, fraud, wantonness, oppression, and/or entire want of care which would raise the presumption of conscious indifference to consequences, and they specifically intended to cause Ms. Freeman and Ms. Moss harm.
- 177. Defendants' wrongful conduct had its intended effect. All aspects of plaintiffs' lives have been altered as a result of Defendants' actions, including such simple things as where to live, how to go out in public, and when to see family and friends. This result was entirely foreseeable. Defendants' conduct is so outrageous in character and extreme in degree as to be beyond all bounds of decency. It should be regarded as atrocious and determined intolerable in a civilized community.

- 178. Defendants' wrongful conduct has inflicted severe emotional distress on plaintiffs. They have suffered mental reactions including fright and fear for their safety, horror and helplessness in the face of the intense hatred directed at them by defendants and by their readers, anger, anxiety, sleeplessness, shame and humiliation. The emotional distress defendants caused to be inflicted on Ms. Freeman and Ms. Moss was so severe that no reasonable person could be expected to endure it.
- 179. Defendants' wrongful conduct caused physical manifestations of harm to plaintiffs including weight gain, disrupted sleep, and anxiety attacks, as well as mental anguish, requiring them to seek treatment for the mental anguish resulting directly from the severe emotional trauma inflicted by defendants.
- 180. As a direct and proximate result of Defendants' conduct, plaintiffs have suffered significant general, actual, incidental, and special damages including, without limitation, emotional distress, overwhelming stress and anxiety, lost earnings, and other pecuniary loss.

PRAYER FOR RELIEF

WHEREFORE, Plaintiffs pray for judgment against Defendants for each of the causes of action raised herein. Plaintiffs respectfully request a judgment in their favor and against Defendants for:

- A. Nominal damages;
- B. Compensatory damages, including general, actual, consequential, and special damages, in an amount to be determined at trial;
- C. Punitive damages;
- D. Reasonable and necessary attorneys' fees;
- E. Reasonable and necessary costs of the suit;

Case: 4:21-cv-01424-HEA Doc. #: 1-2 Filed: 12/05/21 Page: 70 of 320 PageID #: 77

- F. Prejudgment and post-judgment interest at the highest lawful rates;
- G. Declarative relief stating that the statements authored and published by Defendants identified within this Petition, individually and collectively, were and are false;
- H. Injunctive relief enjoining Defendants to remove their false and defamatory statements about plaintiffs from any website and/or social media accounts under their control;
- I. Such other and further relief as this Court deems just and appropriate.

HUGE! Video Footage From Georgia Shows Suitcases Filled with Ballots Pulled From Under **Table AFTER Supervisor Told GOP Poll Workers** to Leave Tabulation Center

By Cristina Laila Published December 3, 2020 at 1:11pm 1 Comment

The Georgia Senate Oversight Committee held a hearing on Thursday on the massive election fraud in the state.

President Trump was ahead of Joe Biden by more than 110,000 votes in Georgia on election night when all of a sudden Fulton County stopped counting ballots after a pipe burst.

Poll watchers were kicked out of the State Farm Arena tabulation center on election night after a burst pipe caused flooding.

We now know that a pipe never burst. It was all a lie in order to kick out poll watchers while a few crooks stayed behind to count illegal ballots for Joe Biden.

Trump's legal team showed a video from the State Farm Arena tabulation center when poll workers were told to leave at 10:25 PM.

A few "workers" stayed behind and were seen pulling suitcases full of ballots out from under tables to be tabulated!

We now have identified one of those people involved who were caught on video counting illegal ballots from a suitcase stashed under a table!

As you can see from the video one woman in a purple top was filmed helping pull out the ballots and then sitting down to count the ballots.

That woman has now been identified.

Local 11 News covered the story from the State Farm Arena that a pipe had burst.

(This later was proven to be complete fraud and an excuse to kick out the GOP election observers!)

CLOWN SHOW: Georgia Election Insider Gabriel Sterling Freaks Out and Labels Election Fraud Caught on Camera 'Normal Ballot Processing'

By Joe Hoft Published December 4, 2020 at 8:15am Comments

This guy is just plain weird. Gabriel Sterling somehow wormed his way into the election process in Georgia and as colossal corruption is being uncovered, he claims it's normal.

11/28/21, 12 4:21 COWO SA24-the El DOG Inthe Balliel Filad Frank / Ob/2d Lab Page in Laborage North Lab Processing

Attorney Lin Wood tweeted out to Gabriel Sterling and asked if he indeed had a state of Georgia email address:

Hey, @GabrielSterling, you don't have State of GA email??? How does your company, Sterling Innovative, make money? Did you or your company receive any of this \$10+M grant? Implementation Manager??? What do you do except go on TV to deny the clear voting fraud in GA?#FightBack pic.twitter.com/01oSKXOjmB

- Lin Wood (@LLinWood) November 24, 2020

We then reported on Gabriel Sterling when it was observed in the letter referred to by Wood that his name was associated with a non-state email address - a gmail address. We learned years ago (i.e. Hillary Clinton) that when someone uses a nongovernmental email account to do business, they probably are participating in activities that they don't want the government to know about.

Oh, and this account was involved in an \$11 million grant to the state of Georgia that we believe needs auditing:

Whatever Happened to the \$11 Million Given to Georgia's Secretary of State Brad Raffensperger for COVID Relief?

Georgia attorney Lin Wood's bombshell tweets of late include one about an almost \$11 million grant award to the Georgia Secretary of State, Republican Brad Raffensperger. What ever happened to this money? In a recent tweet Lin Wood zeroed in on an anomaly, or something much, much worse, relating to the Secretary of State's Office ... Continue reading

GP The Gateway Pundit

At the same time we were forwarded a little known video where Sterling admitted to helping setting up drop boxes and hiring far-left radicals to perform the election counting for the 2020 election:

WE CAUGHT THEM: Lin Wood Outed **Mysterious Georgia Operative Gabe Sterling** - Now Video Shows Him Admitting He Helped Set Up Drop Boxes and Promoted Far Left Activists as Absentee Ballot Counters

Yesterday we reported on Lin Wood's bombshell tweet about an almost \$11 million grant award to the Georgia Secretary of State, Republican Brad Raffensperger and his accomplice Gabe Sterling. We wondered who Sterling even was. Now we have more. In a recent tweet Lin Wood zeroed in on an anomaly, or something much, much worse, ... Continue reading

Then a couple days ago we reported that Sterling went on a rampage saying there was no corruption in Georgia while belittling Americans and Trump voters for thinking there was in an attempt to shift the focus away from him and Georgia (really who is this guy?):

Unfortunately for Sterling, we can't even keep up with the amount of corruption in Georgia related to this year's election. But Sterling still wants to call it all a lie. He claims there was no corruption in this year's election and he shares another totally bogus 'fact check' from Lead Stories as in his Facebook page as support that this is all normal:

A few "workers" stayed behind and were seen pulling suitcases full of ballots out from under tables to be tabulated!

We identified one of the operatives last night who was caught on video counting illegal ballots from a suitcase stashed under a table!

As you can see from the video one woman in a purple top was filmed helping pull out the ballots and then sitting down to count the ballots.

One woman in a local news video was wearing a purple top.

She later appeared in the suitcase video!

Her name is Ruby Freeman.

And she made the mistake of advertising her purse on her desk the same night she was involved in voter fraud on a MASSIVE SCALE.

Her T-shirt says "Lady Ruby" and her purse says, "LaRuby" which is her company.

This was not a very smart move.

Her company is called "LaRuby's Unique Treasures."

Ruby's purse was a hit and several fans wrote her on her LinkedIn page after they saw her and her purse on TV.

They then commented on her LinkedIn page.

Now there is video of Ruby Freeman filming herself entering the building to count Georgia ballots.

Ruby walks by several boxes of ballots just sitting around in the room.

The elections workers were each given their own secret cube.

Then Ruby goes to her desk and pulls out a tray of ballots on her desk. There is NO supervisor or GOP observer anywhere in sight.

And then Ruby leaves the ballots on her desk as she goes to take a break.

This is suspicious activity. The State Farm Center was full of unsecured ballots and illegal conduct.

Note: Please do not confuse this with a similar business in Snellville!

Ruby Freeman had an active Facebook page last night.

All routers used at State Farm Arena on Election night must absolutely be obtained prior to the start of the intensive FORENSIC ELECTION AUDIT. The data packet captures (pcaps) are absolutely critical to determine outside election interference, manipulation of ballots, all electronic election communications, and most importantly, INTERNET CONNECTIVITY; INCLUDING IP ADDRESSES, IDENTITIES AND EXTERNAL CONNECTIONS AND THEIR LOCATIONS BOTH FOREIGN AND DOMESTIC. The FORENSIC AUDIT is going to provide absolutely stunning criminal fraud evidence revealed

Go to The Atlanta Journal-Constitution or look up Ralph Jones. Evidently he was involved and got away with some more election stuff. This was an article in November 1, 2018. So he is a crook that didn't get caught then but finally caught up with him this time. The mayor is also a crook!

So far it appears most of the ballot counters involved in election fraud are black, and most of the auditors are white . . . wonder why.

Yes, they passed the ballots through three times.....but, has anyone said that the ballots would be counted three times or instead that the machine would recognize them as the same ballots and only count them once?

I am assuming they would be counted three times but it would be nice to hear and expert comment on my question.

EXCLUSIVE: Review of Late-Night Ballot Counting in Atlanta's State Farm Arena Shows Mysterious 'Man In Red' Receiving Numerous Calls During the Ballot Heist But from Whom?

By Joe Hoft Published December 6, 2020 at 6:35pm Comments

We've reported numerous times on events in Georgia on election night at the State Farm Arena in Atlanta. We've

now uncovered more on the incident that exemplifies the 2020 election in Georgia.

On election night we were told that voting stopped in Georgia's State Farm Arena due to a water main break. President Trump was way ahead in the election at that time. But a couple days later we uncovered that the water main break never happened. First an attorney in the Atlanta area asked for information related to the event via an freedom of information request and he shared with us that the only item he received was a couple of text messages related to the event:

Tonight we have uncovered another observation of events that night. One of the other individuals who stuck around moved from his regular station and moved to another cube where he held numerous calls with someone as the ballot counting went on. Yaacov Apelbaum at the Illustrated Primer points out where this mysterious man in red placed himself:

According to the composite, the man in red makes two phone calls on Election Night at 10:58pm which then triggers the removal of the ballot cases from under the table covered in black material. Within a couple minutes four boxes of ballots are wheeled out from under the table.

The unique thing about these ballots is that they had already been preprocessed. They had already been taken out of the envelope, unfolded, inspected and placed in a pile for scanning (If they had ever been in envelopes in the first place). During this entire process the man in the red shirt receives numerous calls from someone.

Apelbaum says:

11/28/21, 3: Case: 4:21xcve01/424viH5A ateDQn.B#lot Co2tinFiledint12/05/21 ArRegio's 182erofis 320 iPregiol Dividig 1180 rous Call...

The footage shows multiple evidence that the 'special' count session was pre-planned and carefully timed, it's also clear that in 116 minute period the team sprinted through the ballot scanning process to meet some sort of a deadline.

Apelbaum also estimates between 12 and 24 thousand votes were likely tabulated during this time.

We'd like to know who the mysterious man in red was talking to and what they were talking about as the steal was taking place in Atlanta.

Mayor Bottoms paid Ralph Jones Jr's consulting firm \$3,600 during her runoff last year.

And then she won her runoff! What a great investment!

The AJC reported on Keisha and Ralph in 2018.

According to records obtained by Channel 2 Action News and The Atlanta Journal-Constitution, the campaign paid more than \$3,600 to RJ Mays Consulting, whose registered agent is Ralph Jones Sr., registration chief of the county's election department.

The filings raise questions about potential conflicts of interest and what experts called an alarming lack of separation between a top election employee and active political campaign.

And Ralph's son Ralph Jones Jr. was Keisha's online social media director.

FYI – We have a huge update coming on this guy.

HUGE! WE CAUGHT THEM! Conspiracy Revealed – 3rd Suspect in GA "Suitcase Scandal" is Also the Same Man Who Spoke to Reporters on Water Main Break

By Jim Hoft Published December 7, 2020 at 8:29am Comments

This is an update to our earlier report from Sunday night-

Ralph Jones, Sr. was identified as the third suspect in the Fulton County Georgia suitcase scandal.

- ** Ralph led a team of operatives in carrying out a massive voter fraud scandal on election night at the State Farm Center in Atlanta, Georgia.
- ** Ralph and his team plotted to remove ALL elections observers (Republicans) from the counting room so they could roll out their suitcases full of Joe Biden ballots and run them through the machine.
- ** Ralph Jones **told local Atlanta news channel 11Alive** that a water main broke at the State Farm Arena. Local **WVLT8** reported: Nearly 40,000 absentee ballots will not be counted for the state of Georgia until at least Wednesday after a water main break, Fulton County officials said.

Apelbaum has more on the timeline.

11/18/21, 4: Care: 4:21+CV+WE424cHEAEMDOGsp#icy le-ZaleFiledsuf2/05/21suitPageid/13/05 829nP 819+WD \$\$pk230keporters ... Here is the headline from **WVLT8**.

No one disputes that Fulton County elections officials falsely announced that the counting of ballots would stop at 10:30 p.m. No one disputes that Fulton County elected officials unlawfully resumed the counting of ballots after our observers left the center.

- David Shafer (@DavidShafer) November 10, 2020

For the record – Georgia anti-Trump elections official Gabe Sterling later said that the local officials called for the counting to resume at 11 PM but this is just not true. This directly **contradicts** the County Spokeswoman.

- ** The elections officials used the "water main break" to say there was a delay in counting and they used that to send people home – except for the suitcase gang.
- Then Ralph Jones, Sr., Ruby Freeman and her daughter Shaye Ross went to work rolling out the hidden suitcases of ballots stashed under the table and hidden from view.
- ** It was their actions that gave Joe Biden the spike in unexplained votes in Georgia on Wednesday morning.
- ** It appears this was a conspiracy to lie to the public including local news, to remove observers from the center and then to commit their hidden suitcase ballot fraud.

Here is what Ralph told 11Alive:

Fulton County election officials said they are behind – possibly by about two hours - counting absentee ballots after a pipe burst near a room at State Farm Arena where some of those ballots were being held.

According to election officials, none of the ballots were damaged in the process. No voting equipment was effected either, officials said.

Fulton County Registration chief Ralph Jones said that the pipe burst just after 6 a.m. Tuesday in the room above where they ballots were being kept, and water was draining down to the left side of the room where the ballots were.

State Farm did come to fix the issue - which was repaired by about 8 a.m. but there was a brief delay in tabulating the absentee ballots while the

repairs were being made, Jones said.

We know this was a lie because there was NEVER a work order filed and the water department never received a call. It never happened!

But it gave Ralph and Ruby and Shaye cover to complete their scam on Georgia and America!

We've reported numerous times on events in Georgia on election night at the State Farm Arena in Atlanta. We've now uncovered more on the incident that exemplifies the 2020 election in Georgia.

We have video of Ralph Jones taking time out to speak with Ruby Freeman while she was filmed counting ballots.

Mayor Bottoms paid Ralph Jones Jr's consulting firm \$3,600 during her runoff last year.

And then she won her runoff! What a great investment!

The AJC reported on Keisha and Ralph in 2018.

According to records obtained by Channel 2 Action News and The Atlanta Journal-Constitution, the campaign paid more than \$3,600 to RJ Mays Consulting, whose registered agent is Ralph Jones Sr., registration chief of the county's election department.

The filings raise questions about potential conflicts of interest and what experts called an alarming lack of separation between a top election employee and active political campaign.

And Ralph's son Ralph Jones Jr. was Keisha's online social media director.

FYI – We have a huge update coming on this guy.

CONFIRMED: Supervisor Shaye Moss - Who "Yelled Out" for Georgia GOP Observers to Go Home - Is Same Woman Who Pulled the Suitcase Ballots Out from Underneath the Table When they Left

Ruby Freeman and daughter and elections supervisor Wandrea "Shaye" Moss

Last Thursday Cristina Laila reported on the explosive video that was revealed during the Georgia ballot counting at the State Farm Arena where crooked Democrats pulled out suitcases full of ballots and began counting those ballots without election monitors in the room.

Trump's legal team showed a video from the State Farm Arena tabulation center after poll workers were told to leave at 10:25 PM.

(The liberal media is now pretending this call to quit was a myth despite the numerous reports to the contrary!.)

A few "workers" stayed behind and were seen pulling suitcases full of ballots out from under tables to be tabulated!

This was the most explosive video of the entire campaign season!

- Team Trump (@TeamTrump) December 3, 2020

We identified one of the operatives last Thursday who was caught on video counting illegal ballots from a suitcase stashed under a table!

As you can see from the video one woman in a purple top was filmed helping pull out the ballots and then sitting down to count the ballots.

That woman has now been identified.

Her name is Ruby Freeman.

Her T-shirt says "Lady Ruby" and her purse says, "LaRuby" which is her company.

This was not a very smart move. We reported extensively on this last week.

On her Facebook page Ruby Freeman bragged about her "Shaye" being her supervisor.

It is clear from a video that was released that Shaye and Ruby are very close.

Here are a few entries from Ruby's Facebook page.

FULTON COUNTY DIRECTOR

Ruby made a post on Facebook on Nov 3, "Look at my Baby giving that look to the employees. Mommie is so proud of you. Supervisor of registration."

And here is a closeup of the woman in question via a Getty image. Her official name is **Wandrea "Shaye" Moss.**

"Shaye" was the woman in blonde braids who was filmed removing suitcases of ballots from under a table after GOP observers were evacuated from the room and told to go home.

But that's not all.

Mollie Hemingway at The Federalist reported earlier today that poll watchers in sworn affidavits claim it was "a woman with blonde braids" who appeared to be a supervisor "yelled out" to those present in the room that they would stop working for the night and would resume in the morning.

Shaye told everyone to go home.

Then Shaye, her mother and a couple others including Ralph Jones, Sr. were filmed taking "suitcases" of ballots hidden under a table out to be tabulated. This was right before Joe Biden got his surprise spike in ballots.

And now the liberal media and their fake "fact-checkers" are lying about the incredible incident caught on video!

The Federalist reported:

Were Republican Poll Watchers and the Media Told Counting Had Stopped For The Night?

Georgia Republican Party Chairman David Shafer has consistently said that's what happened at State Farm Arena, beginning hours after the election: 11/17/21, 4: 12 ase: 4:21007HO1E424ph FeASha 2006ss#, Whb 2elle Fide of or 12/195/20 ObReage: 2370rof-320n Paggel 20 https://www.news.com/

That claim, which he has repeated consistently, is backed by sworn affidavits from two Republican observers, who further allege they were kept an unreasonable distance from the ballots even while they were at State Farm Arena, making it completely impossible to meaningfully do their jobs. (The video, which shows the room from four different angles, fully supports the claim that poll watchers were kept away from meaningful observation of ballot handling.)

The observers say that they arrived for their observation jobs around 8 p.m. They say in the first half of the 10 o'clock hour, a woman with blonde braids who appeared to be a supervisor "yelled out" to those present in the room that they would stop working for the night and would resume in the morning. The Republican poll watchers said they asked Fulton County Elections Spokesperson Regina Waller questions about the status of the ballot count multiple times but that she refused to answer.

NOW WITH AUDIO: Georgia Election Official Ralph Jones, Sr. Announced on Nov. 3rd Evening that Counting would Stop at 11 PM – Then Led Team to Count Stashed 'Suitcase" Ballots

By Jim Hoft Published December 8, 2020 at 8:59am 1 Comment

The Gateway Pundit identified Ralph Jones, Sr. as the third suspect in the Fulton County Georgia suitcase scandal.

- ** Ralph led a team of operatives in carrying out a massive voter fraud scandal on election night at the State Farm Center in Atlanta, Georgia.
- ** Ralph and his team plotted to remove ALL elections observers (Republicans) from the counting room so they could roll out their suitcases full of Joe Biden ballots and run them through the machine.
- ** Ralph Jones told local Atlanta news channel 11Alive that a water main broke at the State Farm Arena. Local WVLT8 reported: Nearly 40,000 absentee ballots will not be counted for the state of Georgia until at least Wednesday after a water main break, Fulton County officials said.

Apelbaum has more on the timeline.

Here is the headline from WVLT8.

Some ballots will not be counted until Wednesday in Georgia following water main break

Officials said no ballots were damaged as a result of the water main break,

They sent everyone home!

David Shafer ♥ @DavidShafer · Nov 9, 2020

Let me repeat. Fulton County elections officials told the media and our observers that they were shutting down the tabulation center at State Farm Arena at 10:30 p.m. on election night only to continue counting ballots in secret until 1:00 a.m.

No one disputes that Fulton County elections officials falsely announced that the counting of ballots would stop at 10:30 p.m. No one disputes that Fulton County elected officials unlawfully resumed the counting of ballots after

our observers left the center.

<u>(i)</u>

For the record – Georgia anti-Trump elections official Gabe Sterling later said that the local officials called for the counting to resume at 11 PM but this is just not true. This directly **contradicts** the County Spokeswoman.

- ** The elections officials used the "water main break" to say there was a delay in counting and they used that to send people home except for the suitcase gang.
- ** Then Ralph Jones, Sr., Ruby Freeman and her daughter Shaye Ross went to work rolling out the hidden suitcases of ballots stashed under the table and hidden from view.
- ** It was their actions that gave Joe Biden the spike in unexplained votes in Georgia on Wednesday morning.

11/17/21, 4: Case: 4:21 cov v011424 to EArgi Docio#Offilia Raliffillact; \$12/05/21 on Rage: E24/7g of to 320 tife aged Doffit 2541 -- Then ...

** It appears that this was a conspiracy to remove observers from the center and then to commit their hidden suitcase ballot fraud.

Mollie Hemingway has **more on the shutdown** at the State Farm Center on Election night.

The lying fake news media wants you to believe this entire incident was debunked.

Nothing could be further from the truth – something that is lacking in the mainstream media and their "fact-checkers" today.

We now have actual audio of Ralph Jones — the elections official at the heart of the "suitcase scandal" telling government officials the State Farm Center will shut down at 10 or 11 PM on Election night!

Georgia Secretary of State officials released an affidavit insisting there never was an intent to stop the count at 10:00 PM, but only the cutters were going to stop.

But The Gateway Pundit was sent this link to the Zoom call from the evening of November 3rd and Ralph Jones, Sr. definitely told those listening that they are going to stop work at around 10 to 11 PM.

At the 28:00-28:23 minute mark.

RALPH JONES: "I think we'll still be scanning late today a little later on um we are scheduled to scan up to 10 and 11:00 o'clock today I should say tonight at the present time"

Here is the audio-video:

This video from the Fulton County Government YouTube page only has 368 views.

We have access to a hard copy in case the slimy officials decide to remove it.

China-Funded 'Fact-Checker' Lead Stories Pushes Bullsh*t That Fulton County "Suitcase" Scandal Was Debunked - Will They EVER Tell the Truth?

By Jim Hoft Published December 8, 2020 at 1:11pm Comments

We've reported numerous times on events in Georgia on election night at the State Farm Arena in Atlanta. We've now uncovered more on the incident that exemplifies the 2020 election in Georgia.

Last Thursday Cristina Laila reported on the explosive video that was revealed during the Georgia ballot counting at the State Farm Arena where crooked Democrats pulled out suitcases full of ballots and began counting those ballots without election monitors in the room.

Trump's legal team showed a video from the State Farm Arena tabulation center after poll workers were told to leave at 10:25 PM. The poll workers signed sworn affidavits saying they were told to leave at that time.

A few liberal election "workers" stayed behind and were seen pulling suitcases full of ballots out from under tables to be tabulated after the GOP inspectors and media left the room!

Electronically Filed - City of St. Louis - December 02, 2021 - 08:51 AM

This was the most explosive video of the entire campaign season!

- Team Trump (Text TRUMP to 88022) (@TeamTrump) December 3, 2020

The Gateway Pundit identified Ralph Jones, Sr., Ruby Freeman and **Shaye Moss** as three of the suspects in the suitcase ballot scandal.

It was a planned effort to count the hidden ballots. One worker was even seen pushing the same votes through the ballot counter three different times.

But the Facebook "fact check" group Lead Stories said the "suitcase" scandal had been debunked and that the GOP observers and media were not told to leave the area and go home.

Lead Stories we now know is funded by Facebook and a Chinese company. So it makes sense that they would target any conservative outlet that reported on this explosive video.

"Lead Stories claims it is funded by Facebook, Google, and ByteDance. The latter is the Beijing-based and China Communist Party-linked company known for TikTok."https://t.co/hhArRsNroX

Unfortunately, we were forced to "debunk" Lead Stories with audio of Ralph Jones, Sr. announcing the center was going to shut down early between 10 and 11 AM.

Ralph Jones is the same guy who was leading the directly the efforts to count the hidden ballots that was later captured on video from the counting room.

It looks like the Chinese-backed Lead Stories was just caught in another fake news story?

Today The Federalist also pointed out how Lead Stories is dishonestly reporting the "suitcase" scandal was debunked.

The Federalist reported:

Facebook is censoring criticism of a fake fact-check published by an "independent fact-checker," who is bankrolled by both China and Big Tech.

The Federalist published a piece Monday headlined, "The Georgia Vote-Counting Video Was Not 'Debunked.' Not Even Close," by Federalist Senior Editor Mollie Hemingway, which investigates how one of Facebook's designated fact-checkers supposedly debunked claims related to an explosive video corroborating Republican charges of election fraud in Georgia.

Moments before the post was published on Facebook however, the company released a notification to users that the post had been flagged for misinformation based on a supposed "fact-check" by one of its thirdparty fact-checkers, LeadStories.

Electronically Filed - City of St. Louis - December 02, 2021 - 08:51 AM

According to LeadStories, which relies on funding from a mix of Silicon Valley tech giants Google and Facebook in addition to Chinese-operated ByteDance headquartered in Beijing, allegations of unmonitored ballotcounting in Georgia based on footage released last week supporting Republicans' timeline of events bear no merit.

HUGE: TRUMP DROPS A BOMB DURING PHONE CALL! Tells Raffensperger "Vote Scammer and Hustler" Ruby Freeman Was Behind Alleged 18,000 FRAUDULENT VOTES in Suitcase Scandal! (VIDEO)

By Jim Hoft Published January 3, 2021 at 6:20pm 7 Comments

f Share (2.7k) Gab

President Trump held a call with Georgia Secretary of State Brad Raffensperger on Saturday. After the call, Raffensperger leaked to the audio to the nasty anti-Trump publication, the Washington Post.

Raffensperger then went on Twitter and refuted President Trump and told him "the truth will come out."

We reported earlier on the call the President held with Georgia Secretary of State Brad Raffensperger earlier:

Raffensperger's Team Leaks President Trump's Saturday Call to Fake News WaPo — Tells You Everything About the Dirty Georgia Leadership

The travesty in Georgia continues. President Trump held a one-hour long phone call on Saturday with crooked Secretary of State Brad Raffensperger and state election officials on the 2020 election in his state that was wrought with fraud. It's not clear if Ruby Freeman or Ralph Jones, Sr. were on the call. In the one-hour ... Continue reading

After the call, nasty Raffensperger leaked the call to the WaPo and then called the President a liar.

If you listen to the selectively edited segments released by the WaPo of the call, with only selective segments released by WaPo, there is nothing that the President says that is untrue.

Later the Washington Post released the entire recorded conversation. This is something that is common during the Trump years. Information from private calls are leaked to the liberal media by nefarious characters in an attempt to embarrass or damage President Trump.

Later the far left Washington Post released the full audio from the call.

11/18/21, 1: Mane: 4:2 Heave-Orland-Protection and Protection of Protect

One thing that is noticeable in the first five minutes of the call is the Washington Post beeped out a name of a person who President Trump calls out Ruby Freeman a "vote scammer and professional fraudster."

Then, President Trump dropped THIS BOMB - Ruby Freeman and her comrades manufactured 18,000 fraudulent votes for Joe Biden in the State Farm Center after ALL election observers were sent home for the night.

Here is the text:

President Trump: We have at least 18,000, that's on tape. We had them counted very painstakingly. 18,000 voters having to with BEEP (Ruby Freeman). She's a vote scammer, a professional vote scammer and hustler. BEEP (Ruby Freeman) that is the tape that is shown all over the world. It makes everybody look bad, you, me and everybody else. Number one, they said very clearly, and it's been reported that they said that there's a water main break. Everybody fled the area. And then they came back.

11/18/21, 1: 12 and : 4:21+CVE-011424-016-05A BOUCDUKING PRONEHOOL! 112/105/12/1pergerage: S2/19-01/13/20-15/20/1-20/10-11/18/20.

BEEP (Ruby Freeman) and her daughter and a few people. There were no Republican poll watchers. Actually, there were no Democrat poll watchers. I guess they were them. But there were no Democrats either. And no law enforcement. Early in the morning they went to the table with the black robe, the black shield and they pulled out the votes. Those votes were put there a number of hours before. Brad, you would know. It was probably eight hours, or seven hours before, and then it was stuffed with votes. They weren't in an official voter boxes they were in what looked to be suitcases, or trunks, or suitcases. But they weren't in voter boxes. The minimum number they could be because they watched it certified in slow motion, instant replay, if you can believe it, and it was magnified many times over, and the minimum it was was 18,000 ballots all for Biden.

The Gateway Pundit was first to identify Ruby Freeman, her daughter Shaye Moss and supervisor Ralph Jones, Sr. in the suitcase fraud scandal that was caught on tape and went viral online.

Has the FBI Spoken with Ruby Freeman or Ralph Jones Yet? And If Not, Why in the Hell Do we Have an FBI?

On Tuesday night President Trump tweeted out an OANN report on a Gateway Pundit investigation of the Atlanta suitcase voter fraud scandal. The Gateway Pundit was first to identify Ruby Freeman, her daughter Wandrea "Shaye" Moss, and their boss Ralph Jones, Sr. in the infamous suitcase ballot hoist. We later reported on Ruby Freeman running ... Continue reading

That is more than enough votes to flip the state of Georgia. It also puts Raffensperger on notice! We have the fraud! Now do your job.

May Raffensperger should have listened to the US president rather than stab him in the back and leak his conversation to some WaPo hack.

And here is audio of President Trump telling Secretary of State Brad Raffensperger that fraudsters were able to manufacture 18,000 illegal votes in the State Farm Center in the dead of night on election day!

Call Kattenspergers office n tell nim we want nim arrested and charged with treason. The fraud that went on in Georgia, Pennsylvania, Arizona n Nevada on election night was purposely done by bad people. They committed high treason when they did it n we the people need to demand arrests! Never forget there are millions more of us than them! Biden only got around 30% of the vote; that tells you the amount of fraud that was perpetrated.

IT WAS A VOTER FRAUD FACTORY: 2nd Carter Jones Report Describes Complete Breakdown of GA Election Systems – BALLOTS **EVERYWHERE, NO CHAIN OF CUSTODY, COMPLETE DISARRAY and WE HAVE THE VIDEO**

By Jim Hoft Published June 19, 2021 at 8:31pm 1799 Comments

Brad Raffensperger, the corrupt Secretary of State in Georgia is ultimately responsible (see picture above). For the first time an elections official admitted the chain of custody documents are missing in Georgia per the Georgia Star.

Fulton County Georgia Election Official Admits Legally Required Chain of Custody Documentation Is Missing from 24% of Ballots from 2020 Election — Or 1 in 4 Ballots!

missing in Fulton County Georgia!

Is this why Fulton County officials recently hired top criminal defense attorneys to defend them?

The 29-page report revealed that election official was caught doublecounting ballots at the State Farm Center in Atlanta, Georgia. This follows news first reported by The Gateway Pundit that election operative Ruby Freeman was also caught tripe counting stacks of votes late at night at the counting center after GOP observers were sent home.

The author of the 29-page November Fulton County report, Carter Jones, also released a 14 page report in January on the election irregularities in Fulton County Georgia.

This 14page document also details several instances of voter fraud and a complete breakdown of the system. Here is the full 14-page document.

14 Page Fulton County State... by Jim Hoft

On page 2 of the report, Carter Jones describes a counting center in chaos with a complete lack of proper control. Chain of custody rules were completely ignored at the State Farm Center.

This was the largest ballot processing center in the state of Georgia.

2) Although Fulton County allocated ample resources for absentee ballot processing leading into the general elections, the processes themselves were extremely sloppy and replete with chain of custody issues as the massive tide of ballots bounced around the Fulton Gov't HQ building.

The system, created by Ralph Jones, Registration Chief for Fulton County, seemed to function, but there were many processes that seemed to be ad hoc solutions to problems caused by a lack of organization or permanent staff with the expertise to manage the system in place. For example, the room which housed the team doing additional voter verification was also a temporary housing location for ballots between the mail room (which receives, opens, and records the numbers of ballots) and the ENET processing room. Staff in this room seemed to not understand the process, and Jones had to intervene to stop a temporary staffer from moving a pile of recently-accepted but unverified absentee ballots into the stack to go straight to State Farm Arena for scanning/counting. Had Jones not been there with me to catch this mistake, it is safe to assume that those ballots would've been counted as if they had been verified.

I observed an additional security issue here, as one staff member told me that people had not been signing out batches of ballots as they moved around the building in trays between processing rooms, which is a clear failure in the chain of custody mandated by the O.C.G.A

This should not be a surprise to Gateway Pundit readers.

Thank you Gateway Pundit readers for sending this information.

Now there is video of Ruby Freeman filming herself entering the building to count Georgia ballots.

Ruby walks by several boxes of ballots just sitting around in the room.

The elections workers were each given their own secret cube.

Then Ruby goes to her desk and pulls out a tray of ballots on her desk. There is NO supervisor or GOP observer anywhere in sight.

And then Ruby leaves the ballots on her desk as she goes to take a break.

This is suspicious activity. The State Farm Center was full of unsecured ballots and illegal conduct.

The Democrat operatives were running a voter fraud factory inside the State Farm Center on Election Day and into Election Week!

Re: Kindly Retract, Correct, and Stop Spreading Lies About Ruby Freeman and Wandrea Moss

Dear Messrs. Hoft and Hickel,

We represent Ms. Ruby Freeman and Ms. Wandrea Moss, and we write to demand that you retract, correct, and stop spreading lies about our clients. As you know, neither Ms. Freeman nor Ms. Moss engaged in any fraud or misconduct in the course of their work counting ballots after the 2020 presidential election.

And yet, beginning on December 3, 2020, you and/or *The Gateway Pundit* published a series of no fewer than sixteen articles lying about and defaming Ms. Freeman and/or Ms. Moss. Each of these articles remains published online today. What follows is a summary of the false and defamatory material contained in those articles that must be retracted and corrected; Ms. Freeman and Ms. Moss reserve all rights with respect to all statements contained in them.

Your Lies.

On December 3, 2020, you republished video and images of our clients under the headline, "HUGE! Video Footage From Georgia Shows Suitcases Filled with Ballots Pulled From Under Table AFTER Supervisor Told GOP Poll Workers to Leave Tabulation Center." ¹

That article described our clients as "a few crooks [who] stayed behind to count illegal ballots for Joe Biden." Later that same day, you published a second article under the headline, "What's Up, Ruby?... BREAKING: Crooked Operative Filmed Pulling Out Suitcases of Ballots in Georgia IS IDENTIFIED." This second article republished numerous images of Ms. Freeman, as well as defamatory statements about her, and identified her by name. The article also stated that Ms. Freeman "was involved in voter fraud on a MASSIVE SCALE," and that "[m]aybe the Georgia police or Bill Barr's DOJ may want to pay Ruby Freeman a visit."

The following day, December 4, 2020, you published no fewer than four articles defaming Ms. Freeman and Ms. Moss. At 7:35 a.m., you published numerous images of Ms. Freeman and Ms. Moss and identified both by name.³ You stated that they were "crooked Democrats [who] pulled out suitcases full of ballots and began counting those ballots without election monitors in the room." At 8:53 a.m., you published images and statements about Ms. Freeman and Ms. Moss and stated, "This is suspicious activity. The State Farm Center was full of unsecured ballots and illegal conduct." At 1:51 p.m., you republished your earlier images and statements about Ms. Freeman and Ms. Moss and suggested that they had illicitly passed a USB stick to each other during the ballot counting process. At 5:45 p.m., you published an article entitled, "UNBELIEVABLE: Anti-Trump Democrat In Georgia 'Suitcase Scandal' Caught Running Same Batch of Ballots Through Tabulator THREE TIMES!," which claims, among other defamatory statements, "Now we have evidence mother Ruby sent the same stack of votes through a tabulator in the State Farm Center three times. This is illegal." You then went on to say that, other than "corrupt Republican politicians in Georgia," "nobody did more to steal the election for Joe Biden than this mother-daughter combo."

article, published at 1:11 pm, was entitled "China-Funded 'Fact-Checker' Lead Stories Pushes Bullsh*t That Fulton County 'Suitcase' Scandal Was Debunked — Will They EVER Tell the Truth?" In this article, you identified our clients as "suspects in the suitcase ballot scandal," "a planned effort to count the hidden ballots." You also reiterated the false claim that "[o]ne worker was even seen pushing the same votes through the ballot counter three different times."

On December 23, 2020, you published an article entitled "Has the FBI Spoken with Ruby Freeman or Ralph Jones Yet? And If Not, Why in the Hell Do we Have an FBI?" This article once again stated that Ms. Freeman and Ms. Moss had been part of "the infamous suitcase ballot hoist [sic]" and that Ms. Freeman had "run[] the same batch of ballots through the counting machines at least three times after these Democrat operatives cleared the room of observers!" It also asked, "Why is the FBI or DOJ not involved?"

Your defamatory campaign against our clients continued into 2021. On January 3, you published an article entitled "HUGE: TRUMP DROPS A BOMB DURING PHONE CALL! Tells Raffensperger 'Vote Scammer and Hustler' Ruby Freeman Was Behind Alleged 18,000 FRAUDULENT VOTES in Suitcase Scandal! (VIDEO)." This piece republished defamatory statements made by former President Trump concerning Ms. Freeman. In fact, it went out of its way to specifically defame Ms. Freeman, noting that *The Washington Post* "beeped out a name of a person who President Trump calls out [sic] Ruby Freeman a 'vote scammer and professional fraudster." It also stated, "The Gateway Pundit was first to identify Ruby Freeman, her daughter Shaye Moss and supervisor Ralph Jones, Sr. in the suitcase fraud scandal that was caught on tape and went viral online."

On June 19, 2021, you published an article that republished numerous of your prior defamatory statements about Ms. Freeman and Ms. Moss along with images of them. ¹⁵ In that article, you stated:

This follows news first reported by The Gateway Pundit that election operative Ruby Freeman was also caught tripe [sic] counting stacks of votes late at night at the counting center after GOP observers were sent home. . . . This is the DEFINITION OF CHEATING!

On August 14, 2021, you published an article which, yet again, republished numerous of your prior defamatory statements about Ms. Freeman and Ms. Moss along with images of them. ¹⁶ In addition to these republished statements, you reported that a pending litigation in Fulton County had successfully added them as respondents, and again falsely accused them of committing crimes: "It's . . . pathetic that these two are not in jail already. Their crimes were videotaped!"

Neither Ms. Freeman nor Ms. Moss Engaged in Any Fraudulent or Illegal Conduct.

The above statements claim and/or imply that (a) Ms. Freeman and Ms. Moss engaged in a criminal conspiracy to exclude observers during the counting of ballots so that they could engage in election fraud; (b) Ms. Freeman criminally introduced "suitcases" of illegal ballots into the ballot counting process; (c) Ms. Freeman fraudulently triple-counted the same ballots by running them through a tabulator three times; and (d) that Ms. Freeman and Ms. Moss committed crimes for which they are subject to arrest and imprisonment. Each of these conveyed facts is false.

First, observers were not tricked or forced to leave the room during the counting of ballots. A team of investigators from the Georgia Secretary of State's Office determined that "observers and media were not asked to leave. They simply left on their own when they saw one group of workers, whose job was only to open envelopes and had completed that task, also leave." This fact was established in a declaration sworn under penalty of perjury by Frances Watson, Chief Investigator in the Office of the Georgia Secretary of State. Ms. Watson has also confirmed, after discussion with the media liaison who was present during the events, that there was never an announcement made about the counting being over for the night and observers needing to leave. Because no one was excluded from observation of the vote count, Ms. Freeman and Ms. Moss cannot have been involved in a conspiracy to prevent such observation.

Second, the ballots that Ms. Freeman and Ms. Moss took out from under the table were legally cast and validly counted, and they were stored in standard ballot containers. Ms. Watson's declaration also states that "there were no mystery ballots that were brought in from an unknown location and hidden under tables." She explains that at 10 p.m., when employees thought they were done for the night, they placed ballots that had already been opened but not counted in the boxes and stored them under the table. When counting continued later, those boxes were opened. In a December 7 press conference by the Office of the Georgia Secretary of State, Republican voting implementation manager Gabriel Sterling confirmed these facts. Ms. Watson also stated in an interview that the ballots were in standard containers, a point also made by Fulton elections director Rick Barron. This is further corroborated by the website maintained by the office of Georgia's Secretary of State, Secure the Vote, which provides a detailed overview of the relevant security footage of the Fulton County ballot count process. It is thus abundantly clear that Ms. Freeman and Ms. Moss did not introduce illegal ballots into the counting process.

Third, Ms. Freeman did not engage in fraud by feeding the same ballots through the tabulator three times. As Mr. Sterling pointed out at the December 7 press conference, had any ballot been fed through a tabulator multiple times, that "would have shown up in the hand count" that Georgia election officials undertook of all ballots statewide after the election ended, and no such anomaly was found.²⁴

Fourth, Ms. Freeman and Ms. Moss committed no crimes. For the reasons detailed above, none of the actions you identified as criminal occurred. We remind you that a statement is defamatory *per se* where it "[i]mput[es] to another a crime punishable by law" or "mak[es] charges against another in reference to [her] trade, office, or profession, calculated to injure [her] therein." O.C.G.A. § 51-5-4(a); *see Cottrell v. Smith*, 788 S.E.2d 772, 781–82, *adopted*, (Ga. 2016). Your statements accusing Ms. Freeman and Ms. Moss of crimes straightforwardly satisfy these standards.

In short, your assertions that Ms. Freeman and Ms. Moss engaged in fraudulent and illegal conduct as they counted ballots are all entirely untrue. We accordingly demand that you immediately retract and publicly correct these false statements and refrain from publishing any further false statements about our clients.

In addition, because your publication and republication of these statements constitutes defamation and is actionable in a court of law, we are enclosing a litigation hold and preservation notice. Our clients expressly reserve all rights.

If you, collectively or individually, are represented by counsel, please have your counsel contact me at the earliest opportunity.

LITIGATION HOLD NOTICE & DOCUMENT PRESERVATION REQUEST

Because of your false accusations about Ruby Freeman and Wandrea Moss—including your repeated false claims that they secreted "suitcases" full of ballots under a table in a vote tabulation center in Fulton County, Georgia and ran them through the vote counting machines when poll watchers left the room—they may now have various legal claims, including for defamation. Accordingly, as set forth in detail below, you must preserve all documents related to Ms. Freeman and Ms. Moss, the statements published about them on *The Gateway Pundit* on from December 3, 2020, to the present, and the claims you make in these statements.

You must give this litigation hold letter to all of your agents, contractors, volunteers, or anyone else who is designated, retained, employed, or otherwise utilized by you who has possession or control of potentially relevant evidence. All such persons are likewise subject to this litigation hold letter.

In general, "[a] party that anticipates litigation is under a duty to preserve what it knows, or reasonably should know is relevant in the action, is reasonably calculated to lead to the discovery of admissible evidence, is reasonably likely to be requested during discovery and/or is the subject of a pending discovery request." *Stiriling v. St. Louis Cnty. Police Dep't*, No. 4:11-CV-01932 AGF, 2013 WL 2244638, at *1 (E.D. Mo. May 21, 2013). "Consequently, upon anticipation of litigation, parties must suspend their routine document retention/destruction policies and put in place a 'litigation hold' to ensure the preservation of relevant documents." *Id.* Please preserve and ensure that you and your agents and/or representatives preserve all such documents and evidence in their possession, custody and/or control. This includes, but is not limited to the following:

Please preserve and ensure that you and your agents and/or representatives preserve all such documents and evidence in their possession, custody and/or control. This includes, but is not limited to the following:

1. All documents and evidence, whether paper or electronic, including but not limited to written records, photographs, video, audio, recordings, spreadsheets, calendars, contact lists and/or contact files, logs, data files, dictations, databases, images, texts, timelines, archive files, browsing histories and tangible evidence.

- 2. All communications and correspondence, whether paper or electronic, including but not limited to written correspondence, voice mails, e-mails, calendar invites, text messages, instant messages, third-party messaging systems/applications messages and data, chats/chat strings, video files, audio files, and social media posts and messages, whether designated as public or private. This includes but is not limited to any communications and/correspondence on third party messaging systems/applications such as WhatsApp, SnapChat, Telegram, and Signal.
- 3. All Social Media information, including but not limited to account information, posts, communications, photographs, images, videos, audio, invites, likes, tweets, comments and messages. Social Media includes, but is not limited to, Facebook, Twitter, Instagram, TikTok, Reddit, Tumblr, SnapChat, Meetup, Parler, MeWe, Gab, and/or LinkedIn.

The above list is not exhaustive and is not intended to act as a substitute for careful review by you and your agents of all documents, files, and evidence to identify and preserve those documents and evidence that may relate to our clients' claims against you and your agents.

Please keep in mind that the term "documents" is interpreted broadly to include paper, electronic, audio and video recordings, computer-based records (i.e., databases), e-records/digital records, and any other recorded forms of information that may be related to your and your agents' actions described above. It is imperative that any documents that relate to the above allegations be (1) identified, (2) separated from other files, and (3) preserved and protected from destruction or alteration. All documents that may relate to the allegations should be maintained and preserved regardless of their date. This may include documents that were created prior to the alleged events in question, as well as after. All documents that are preserved must be maintained in their original state, without destruction or alteration, until we have notified you in writing that any dispute arising from the allegations has been fully resolved. This includes maintaining in its original form all metadata.

A failure to preserve these materials could prove detrimental to the legal interests of our clients. The case law in the United States Court of Appeals for the Eighth Circuit empower trial courts to impose sanctions against parties who fail to preserve evidence. The body of case law includes the imposition of potentially significant sanctions for the willful destruction of evidence, including default judgment, exclusion of evidence, attorneys' fees or other monetary sanction. *E.g.*, *Am. Builders & Contractors Supply Co. v. Roofers Mart, Inc.*, No. 1:11-CV-19 CEJ, 2012 WL 2992627, at *3 (E.D. Mo. July 20, 2012).

Our clients reserve their rights to seek redress of their grievances and to be made whole in a court of law.
